Marian Apparitions, the Bible, and the Modern World Donal Anthony Foley, 2002 This groundbreaking book looks at the major approved Marian apparitions of the last five centuries and relates them to important historical moments the Reformation the French and Russian Revolutions the rise of Nazism These Marian apparitions and particularly Fatima are not historically unimportant events but rather follow a preordained plan they have a crucial role in helping us to see how the modern world with all its problems has developed Donal Foley makes clear the fascinating and intriguing connections between Marian apparitions and the Scriptural types of Mary found in the Bible a crucial element in the theology and exegesis of the early Church Fathers By understanding these biblical types and their symbolism we see that each of the apparitions has a much greater significance for both the Church and the modern world than has generally been recognised Here is a convincing demonstration that the future of the Church and the papacy is intimately bound up with a proper understanding of the role of Mary there will only be true peace in the world when her message is accepted and lived If you thought you really understood how the modern world developed and the role and meaning of Marian apparitions then this book will make you think again Donal Foley has written a book with an extraordinary message Aidan Nichols O P **Gender**
