**Feminism and Psychoanalysis** Elizabeth Wright,1992-11-03 *Feminism and Psychoanalysis A Critical Dictionary* is of major interest to those who are aware of the breadth of its two component areas and wish to explore the common ground between them more intensively Entries deal with concepts from and significant figures in psychoanalysis issues of sexual politics that intersect with psychoanalysis feminist aesthetics and criticism which both use and challenge psychoanalytic thought Each entry concludes with a short carefully selected list of further reading *The Cambridge Companion to Lacan* Jean-Michel Rabaté,2003-07-31 This collection of specially commissioned essays by academics and practising psychoanalysts first published in 2003 explores key dimensions of Jacques Lacan's life and works Lacan is renowned as a theoretician of psychoanalysis whose work is still influential in many countries He refashioned psychoanalysis in the name of philosophy and linguistics at the time when it underwent a certain intellectual decline Advocating a return to Freud by which he meant a close reading in the original of Freud's works he stressed the idea that the unconscious functions like a language All essays in this Companion focus on key terms in Lacan's often difficult and idiosyncratic developments of psychoanalysis This volume will bring fresh accessible perspectives to the work of this formidable and influential thinker These essays supported by a useful chronology and guide to further reading will prove invaluable to students and teachers alike *Sexuality, Intimacy, Power* Muriel Dimen,2023-11-28 This book offers Dimen's classic take on psychosexuality drawing on relational theory feminism and postmodernism with a new foreword by Virginia Goldner and Velleda Ceccoli honouring the late Muriel Dimen and introducing a new audience to her profound legacy For Dimen the shift from dualism to multiplicity that has reshaped a range of disciplines can also be brought to bear on our thinking about sexuality She urges us to return to the open mindedness hiding between the lines and buried in the footnotes of Freud's writings and to replace the determinism into which his thought has hardened with more fluid notions of contingency paradox and thirdness By unveiling the colloquy among psychoanalysis social theory and feminism Dimen challenges clinicians and academicians alike to rethink ideas about gender eroticism and perversion She explores among other topics the relations between lust and libido the limitations of Darwinian thought in theorizing homosexuality the body as projective test and the intimate tangle of love and hate between women Generous clinical examples illustrate the ways in which a radical re-visioning of psychosexuality benefits therapists and patients alike A brilliant example of contemporary psychoanalytic theory at its destabilizing best *Sexuality Intimacy Power* covers both clinical insights and theoretical rethinking that is invaluable for psychoanalysts psychotherapists and students of women's gender and queer studies *The European Avant-Garde* Selena Daly,Monica Insinga,2013-02-21 *The European Avant Garde Text and Image* is an interdisciplinary collection of thirteen essays relating to the study of European Avant Garde movements between 1900 and 1940 The essays cover both literary and artistic subjects across geographical linguistic and disciplinary boundaries Various aspects of the English Irish German French Italian Spanish and Polish avant

Mother / Nature Catherine M. Roach,2003-01-30 This brief but ambitious book explores our relationship with nature through the imagery we use when we talk about Mother Nature Employing the critical tools of religious studies psychology and gender studies Catherine M Roach examines the various manifestations of nature as mother and what that idea implies for the way we approach the natural world Part One Nature as Good Mother discusses the notion that nature is or is like a beneficent and nurturing mother who provides and maintains life In studying the green slogan Love Your Mother Roach questions the effects for women and for the environment

of imputing female gender to nature She asks us to look at the associations that motherhood and mothering carry within a culture still shaped by patriarchy She notes the danger of such an apparently pro environmental slogan if mother evokes the bountiful self sacrificing provider who herself requires no care Part Two Nature as Bad Mother looks at the contrary notion of nature as a violent threatening and wrathful mother This image arises most often when humans and technology are depicted as masters of unruly nature Here Roach draws on theological reflection to analyze this ambivalence toward nature manifested in a fantasy that casts humans as gods She explores the contributions of eco theology and eco psychology to a heart of darkness perspective Finally Part Three Nature as Hurt Mother looks at possibilities and pitfalls of environmental healing inherent in the image of nature as a mother we have wounded and now seek to heal A Symposium on Slavoj Žižek Eva Elizabeth Wright, Edmond Wright, 2001 Represents the first collection of critical responses to be made to the work of Slavoj Žižek **ARBA Guide to Subject Encyclopedias and Dictionaries** Susan C.
