Feminist Frontiers Laurel Richardson, Verta A. Taylor, 1983

Matricentric Feminism: Theory, Activism, Practice.

The 2nd Edition Andrea O'Reilly, 2021-04-04 The 2nd edition includes a new preface that considers how matricentric feminism in positioning mothering as a verb affords a gender neutral understanding of motherwork and allows for an appreciation of how motherwork is deeply gendered and how this may be challenged and changed through empowered mothering The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face are specific to women's role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O'Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice

The Gender Knot Allan Johnson, 2014-10-19 New Third Edition The Gender Knot Allan Johnson's response to the pain and confusion that men and women experience by living with gender inequality explains what patriarchy is and isn't how it works and what gets in the way of understanding and doing something about it Johnson's simple yet powerful approach avoids the paralyzing trap of guilt blame anger and defensive denial that often results from conversations about gender This edition features Updated references data resources and examples especially in relation to issues of sexual orientation and gender identity e.g. gay marriage transgender cisgender A glossary of terms A new chapter What Changes and What Does Not Manhood and Violence that provides an extended analysis of the causes of men's violence as a patriarchal phenomenon

Matricentric Feminism Andrea O'Reilly, 2016-10-01 The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face social economic political cultural psychological and so forth are specific to women's role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O'Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice The chapter on maternal theory examines the central theoretical concepts of maternal scholarship while the chapter on activism considers the twenty first century motherhood movement Feminist mothering is likewise examined as the specific practice of matricentric feminism and this chapter discusses various theories and strategies on and for maternal empowerment Matricentric feminism is also examined in relation to the larger field of academic feminism here O'Reilly persuasively shows how matricentric feminism has been marginalized in academic feminism and considers the reasons for such exclusion and how such may be challenged and changed

Exploring Race in Predominantly White Classrooms George Yancy, Maria del Guadalupe Davidson, 2014-02-18 Although multicultural education has made significant gains in recent years with many courses specifically devoted to the

topic in both undergraduate and graduate education programs and more scholars of color teaching in these programs these victories bring with them a number of pedagogic dilemmas Most students in these programs are not themselves students of color meaning the topics and the faculty teaching them are often faced with groups of students whose backgrounds and perspectives may be decidedly different even hostile to multicultural pedagogy and curriculum This edited collection brings together an interdisciplinary group of scholars of color to critically examine what it is like to explore race in predominantly white classrooms It delves into the challenges academics face while dealing with the wide range of responses from both White students and students of color and provides a powerful overview of how teachers of color highlight the continued importance and existence of race and racism *Exploring Race in Predominately White Classrooms* is an essential resource for any educator interested in exploring race within the context of today s classrooms *Permission* Julie White,2016-03-22 The impetus for this book was a public lecture Laurel Richardson gave in Melbourne in 2006 How and why Laurel Richardson s writing resonates with so many others led to a qualitative research project investigating the impact of her work This book is the outcome of that project The nature of that connection between Richardson s writing and her readers has been examined Connections have also been drawn between Laurel Richardson s writing and the importance of collaboration community inclusion feminist engagement social justice and the challenges involved in working in the modernised university This book shows how Laurel Richardson s groundbreaking work has influenced others and became not only a method of inquiry but also a method of empathy and imagination *Permission* chronicles and celebrates the pioneering work and influence of Laurel Richardson With contributions from over 50 scholars across the disciplines beautifully curated by Julie White *Permission* shows the wide reach of Richardson s work Richardson has blazed new trails in the academy by writing honestly creatively and passionately about things that matter In doing so she has opened a space for others to find their voices and carve their own paths This book shows how grateful we are for the permission she has provided A must read for those new to Richardson s work as well as her many fans worldwide Patricia Leavy Ph D creator and editor of the Social Fictions series **Handbook of the Sociology of Gender** Barbara J.
