The Invisible Empire in the West Shawn Lay,2004 This timely anthology describes how and why the Ku Klux Klan became
one of the most influential social movements in modern American history For decades historians have argued that the
spectacular growth of the Ku Klux Klan in the 1920s was fueled by a postwar surge in racism religious bigotry and status
anxiety among lower class white Americans In recent years a growing body of scholarship has contradicted that appraisal
emphasizing the KKK's strong links to mainstream society and its role as a medium of corrective civic action Addressing a set
of common questions contributors to this volume examine local Klan chapters in six Western cities Denver Colorado Salt Lake

City Utah El Paso Texas Anaheim California and Eugene and La Grande Oregon Far from being composed of marginal men prone to violence and irrationality the Klan drew its membership from a generally balanced cross section of the white male Protestant population Overt racism and religious bigotry were major drawing cards for the hooded order but intolerance frequently intertwined with community issues such as improved law enforcement better public education and municipal reform The authors consolidate focus and expand upon new scholarship in a volume that should provide readers with an enhanced appreciation of the complex reasons why the Klan became one of the largest and most significant grass roots social movements in twentieth century America Torque ,2008-02 Singapore s best homegrown car magazine with an editorial dream team driving it We fuel the need for speed *Family, Friends and Followers* Gerd Althoff,2004-06-03 Political life in the middle ages was influenced heavily by the bonds people had to one another Among these the bonds of kinship friendship and lordship were by far the most important Ritual was also often used to create and strengthen these bonds and conduct and behaviour within social groups was shaped by unwritten rules People bound in these ways had a right to expect help and support from one another Such bonds were both a fact and a necessity of life in the middle ages Over time however these bonds and relationships changed as did the rules and norms which governed them The aim of this book is to document and describe the history of these crucial bonds and the ways in which they shaped political life in Europe in the early and high middle ages **The United States Catalog** George Flavel Danforth,Marion Effie Potter,1900 *Annual Report of the Board of Education of the City and County of New York* New York (N.Y.).
