Fresh Expressions in the Mission of the Church Church of England, 2014-08-19 Christians are increasingly seeking new ways of doing church often called fresh expressions which has created new questions and challenges for the Church as a whole This Anglican Methodist report explores the challenges raised by fresh expressions from what it means to be a church to sacramental life and the deployment of resources

An Ecumenical Field Guide For Fresh Expressions Michael Adam Beck, 2024-08-20 Learn the essentials of fresh expressions for your church An Ecumenical Field Guide for Fresh Expressions is a practical manual for understanding and implementing Fresh Expressions for a church in any denominational setting The Fresh Expressions movement is a new way of thinking about the local church and a new way of doing church as a congregation It refers to new fresh iterations or types expressions of ministry usually outside the confines of the church building These iterations or types of ministries are formed intentionally but organically out in the community where people are They are based on shared activities or interests where people are gathering already and where the people are open to or interested in learning about Jesus Christian people share their own stories of how Jesus is part of their lives Often these gatherings become regular and increasingly begin to adopt the practices of a church community like worship service study and giving Thus they become fresh expressions of the church from which they sprang

Present in Every Place? Will Foulger, 2023-04-30 Amidst a world of seemingly endless movement and change many of us feel a longing to be rooted It is this instinct that has led many to value the parish system and to question the place of new churches be they fresh expressions or church plants This book is about the instinct to form churches that are of and for a particular place and what this might mean in a world where place is contested interconnected and ever changing Above all it is an attempt to move the conversation beyond the binary choices of parish or non new or inherited It offers a powerful and persuasive vision for a Church that is national only by being local a vision that can only be realised as churches continually become present to their places

The Worship Mall Bryan Spinks, 2010-07-15 Religion is in competition with the leisure and entertainment industries The postmodern generation is open to spirituality but young adults have not been born into faith communities that embrace them fully and command their allegiance over a lifetime Studies suggest that for the young belief in God is an optional matter a consumer choice and different trends in contemporary worship and worship styles are offered by churches to suit personal taste What is in these trends that might appeal to Gen Y Are they worship or something other than worship Bryan Spinks invites you to walk through The Worship Mall and see what is on offer in the postmodern culture
