Dion Fortunes Rites Of Isis And Of Pan:

Dion Fortune's Rites of Isis and of Pan Gareth Knight, Dion Fortune, 2013-11 Dion Fortune encoded much practical magical lore within her novels leaving it up to the reader to work out how to make use of it Behind the novels were two major rituals the Rite of Isis and the Rite of Pan which Dion Fortune occasionally performed in public in the 1930s as part of her drive to open up occultism beyond the closed walls of esoteric fraternities Now for the first time these important magical workings have been released from her society's archive in their complete and original form Edited and explained by Gareth Knight this book contains the full text of the original Rite of Isis and Rite of Pan which formed the basis for Dion Fortune's Moon Magic The Goat Foot God and The Sea Priestess Further archive material elucidates the practical magical principles found in The Winged Bull The book is supplemented by several articles written by Dion Fortune in the 1930s which shed further light on the practical content of her novels including the essay Ceremonial Magic Unveiled a review of the work of Israel Regardie in which she gives her views on the controversies within the Golden Dawn and frankly describes her own falling out with Moina MacGregor Mathers [The Occult Novels of Dion Fortune](#) Georgia van Raalte, 2025-01-28 This monograph explores the work of Dion Fortune one of the most prolific British occult authors of the interwar period and her claim that her books had an initiatory quality She held that reading her books and meditating on their contents could produce a lasting change in consciousness which in turn could lead to lasting changes in an individual's life This book aims to rehabilitate a figure largely forgotten by both the fields of Literature and of Esotericism and proposes a framework for analysing initiatory fiction and the experience of fictional initiation The study presents a new avenue for research and theoretical perspective on literary texts from the Occult Revival as well as on famed modernist texts and more contemporary occult fiction

The Sacred Life of Modernist Literature Allan Kilner-Johnson, 2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in Europe from roughly 1894 to 1944 this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and philosophical connections between modernism and the occult Although the early decades of the twentieth century the era of cocktails motorcars bobbed hair and war are often described as a period of newness and innovation many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past This book's principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the fringes of modernist studies Well remembered poets and novelists such as Ezra Pound W B Yeats and Aleister Crowley were tied to occult beliefs and this book sets these leading figures alongside less well remembered but equally splendid modernists including Paul Brunton Mary Butts Alexandra David Neel Florence Farr Dion Fortune Hermann Hesse and Rudolf Steiner From the little magazines where occultism and Fabianism were

comfortable companions to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane to the forbidden mountain trails that led to formidable spiritual teachers the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated Indeed in many ways these traditions were the making of the modern world By uncovering hidden hopes and anxieties that faced a newly modern Western Europe this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation Dion Fortune and the Inner Light Gareth Knight,2000 Dion Fortune played a significant role in modern esotericism and we are indebted to Gareth Knight for this intriguing biography Dion Fortune the Inner Light is enthusiastically recommended to anyone interested in the western esoteric tradition and in the colorful individuals who contributed to it over the last 100 years **The Circuit of Force** Dion Fortune,Gareth Knight,1998 Dion Fortune describes techniques for raising the personal magnetic forces within the human aura and their control and direction in magic and in life which she regards as the Lost Secrets of the Western Esoteric Tradition Gareth Knight provides subject commentaries on various aspects of the etheric vehicle filling in some of the practical details and implications that she left unsaid in the more secretive esoteric climate of the times in which she wrote *Contemporary Magic and Witchcraft* Susan Greenwood,2003 This is a detailed and fascinating overview of the magical traditions and practices of the modern western world **The Encyclopedia Of Magic & Witchcraft** Susan Greenwood,2014-01-07 A detailed historical and anthropological study of the traditions of witchcraft round the world with an in depth examination of magic and its relationship with religion from prehistory to the post modern era Répertoire de la statuaire grecque et romaine Salomon Reinach,1913 **Répertoire de la statuaire grecque et romaine ...: Quatre mille statues antiques** Salomon Reinach,1913 Répertoire de la statuaire grecque et romaine: Quatre mille statues antiques. 2. éd. 1913 Salomon Reinach,1913 **Priestess** Alan Richardson,1987 Dion Fortune was the pen name of Violet Firth one of the most luminous and striking personalities of the 20th Century the womans answer to Aleister Crowley This new revised expanded and beautifully written edition tells the full story of a woman who hid behind a veil of secrecy and who became a cult figure in the years after her death in 1946 A brilliant writer and pioneer psychologist her whole life was devoted to living out an eternal Myth in a story that can be told in terms of Virgins and Dragons Moons and Oceans and the spirit of the land itself As a powerful psychic and medium obsessed with the study and practice of Magic and a high grade initiate within the Hermetic Order of the Golden Dawn her career was never entirely in this world and her companions not always human In her own eyes she was a Priestess a channel for the Great Goddess an exponent of the time lost Mysteries of Women long before the present generations of feminists and goddess worshippers were ever born Includes her birth in Llandudno Wales her years in Somerset the patterns of her life her early career as a psychoanalyst her nervous breakdown her time as a Land Girl her developing psychism her memories of past lives on Atlantis her relationships with Inner Plane beings her romance with a
