The Five Points of Calvinism Loraine Boettner D. D., 2021-07-30 The Calvinistic system especially emphasizes five distinct doctrines These are technically known as The Five Points of Calvinism and they are the main pillars upon which the superstructure rests In this section we shall examine each of these giving the Scripture basis and the arguments from reason which support them We shall then consider the objections which are commonly brought against them As will be shown the Bible contains an abundance of material for the development of each of these doctrines Furthermore these are not isolated and independent doctrines but are so inter related that they form a simple harmonious

self consistent system and the way in which they fit together as component parts of a well ordered whole has won the admiration of thinking men of all creeds Prove any one of them true and all the others will follow as logical and necessary parts of the system Prove any one of them false and the whole system must be abandoned They are found to dovetail perfectly one into the other They are so many links in the great chain of causes and not one of them can be taken away without marring and subverting the whole Gospel plan of salvation through Christ We cannot conceive of this agreement arising merely by accident nor even being possible unless these doctrines are true From The Introduction The Doctrines of Grace Jeffrey Riddle, 2019-09-24 This book is an introduction and overview of the Doctrines of Grace or the Five Points of Calvinism
