Das hebräische Partizip in den Texten aus der jüdischen Wüste Gregor Geiger, 2012-08-17 The function of the participle within the Hebrew tense system has considerably changed between biblical and postbiblical Hebrew This investigation studies the participle in the Hebrew manuscripts from the Judean Desert its formation its usage and its meaning compared with those in other Hebrew traditions and dialects especially the language of the Hebrew Bible The biblical Hebrew tense system continues to be used in the Scrolls while there is a clear difference between the tense system of the Scrolls and that of mishnaic Hebrew This fact allows us to draw conclusions in the field of language studies but it also provides us with a piece of the puzzle in our understanding of the sociology and religion of the Qumran community Die Funktion des Partizips innerhalb des hebräischen Tempussystems wandelte sich erheblich zwischen biblischem und nach biblischem Hebräisch Diese Studie untersucht das Partizip in den hebräischen Handschriften aus der jüdischen Wüste seine Bildung seine Verwendung und seine Bedeutung im Vergleich mit anderen hebräischen Traditionen und Dialekten vor allem der Sprache der hebräischen Bibel Das biblisch hebräische Tempussystem findet seine Fortsetzung in diesen Handschriften während es einen klaren Unterschied zwischen deren Tempussystem und dem des mischnischen Hebräisch gibt Diese Tatsache erlaubt Rückschlüsse im Bereich der Sprachwissenschaft sie liefert aber auch einen Mosaikstein in unserem Verständnis von Gesellschaft und Religion der Qumran Gemeinschaft Proceedings; Official Report Kerala (India). between appropriate and inappropriate image manipulation The work also looks at scientific journals and lets selected editors have their say What would have to happen to make it possible to combat image manipulation in science more effectively The book's interdisciplinary approach makes it clear how different the practices are and how different the views are on what should be allowed in the processing of images Images this too is problematized in the book are always a means to a certain end which is precisely why the handling of images should be thoroughly reflected upon *Monatschrift Für*
