Chao Zhang

Gcse French For Aqa Scheme Of Work:

Language Learning and Intercultural Understanding in the Primary School Wendy Cobb, Virginia

Bower, 2021-11-29 Language Learning and Intercultural Understanding in the Primary School shows how to deliver a progressive and holistic embedded language curriculum. It provides guidance on inclusive approaches for students with English as an additional language including native speakers in the target language as well as language awareness activities that maximise links with learning in English. Practical and accessible, it contains classroom examples, plans, resources and pedagogical approaches all underpinned by theory, research and practice. Each chapter examines specific themes relating to language, culture, identity and wellbeing, providing rich discussions and a range of perspectives. Case studies bring to life the examples provided and reflection points offer the reader the opportunity to pause and consider an idea, resource or challenging concept before moving on. Presenting a lived narrative of shared voices, the authors invite readers to learn about their own cultural and linguistic identities and how these relate to their practice. This is a must-read for teachers, language specialists and school leaders who wish for a clear rationale for the role of language, culture, identity and wellbeing within and beyond the curriculum.

Vocabulary in the Foreign Language Curriculum James Milton, Oliver

Hopwood, 2022-11-14 Written by experts in the field, this book explains the principles of effective vocabulary instruction for the modern language classroom. While many language classrooms rely on practices which can be outdated, idiosyncratic or ill advised, this book overviews the research and background necessary to successfully integrate vocabulary instruction into the curriculum in a systematic way. Starting with the common gaps in vocabulary instruction, Milton and Hopwood demonstrate how students' development of a large communicative lexicon with an understanding of word structure and collocations is an essential component of language instruction. The book addresses goal setting, curriculum design, word selection, how words are learned, learning in and outside of the classroom and more. It also addresses common myths about teaching vocabulary in the United Kingdom and around the world. This comprehensive text fills an important gap in the literature and is ideal for undergraduate and postgraduate courses in world language, foreign language methods and language methods courses.

AQA GCSE French Higher Teacher Book Oliver Gray, Steve Harrison, Jean-Claude Gilles, M. T. Bougard, Ginny
