Following Body Wisdom Atherton Drenth, 2009-11 Our Inner Ocean LeCain W. Smith, 2014-08-12 Good health is something we all aspire to but it's so much more than just being free of disease. A perfectly functioning body, tranquil mind, and vibrant spirit working together harmoniously create the joy and happiness that put the good in good health and the worth into a life worth living. Our Inner Ocean describes ancient and new holistic modalities of practitioner applied bodywork and revitalizing self-care practices. These illuminate our human potential and awaken our ability to attain and maintain perfect health and well-being. These modalities act as a springboard from which to dive into our inner ocean, the realm of wisdom within that is entered by making the body, breath, and energy our allies. This mystical space of awareness, intuition, peace, and love can become the resting place of the spirit, subtly working its magic on ourselves and others. Bodywork has long been recognized as a way to help people feel better physically, but the magic of touch can also help us tap in to the wisdom of the body, discover the power of the energy that permeates it, and evoke its innate healing ability. Self-care practices such as yoga, qi gong, breathwork, and meditation help us become our own healers. When we pass through these portals into the inner ocean, we can reduce stress and pain, release blockages, prevent and resolve dysfunctions, and ignite our spiritual nature. And in doing so, we make the world a better place.

Body Wisdom Amiyo Ruhnke, Würzburger, Anando Würzburger, 1995 Your body was beautifully designed for the purpose of hunting and gathering food and for making the tools to help you in that task. However, with the conveniences of modern life, we are less active and unless we make a special effort to exercise, the body tends to lose much of its natural flexibility and aliveness. But who has time? These exercises and techniques have been specially chosen to help you gently ease the strains and stresses of everyday life without putting too many demands on your already too busy schedule. There is no need to suffer now to gain future rewards where your mental and physical and relaxation is concerned. Easy is right in the process of reconnecting with the body's natural wisdom, and you'll notice the benefits right away. Well-being is more than just a physical state. BodyWisdom acknowledges the deep interdependence of body and mind, and its simple techniques guide you toward a concrete experience and understanding of this holistic approach to your health. No special diets, no fancy gear, no long and arduous training is required; instead, you'll learn to listen to your own body and its needs. BodyWisdom recognizes the fact that each of us is a unique phenomenon. The collection of tools in these pages will help you discover the path to relaxation and well-being that your own body's wisdom wants you to follow.
