For Prophet And Tsar Islam And Empire In Russia And Central Asia:

For Prophet and Tsar Robert D. Crews, 2009-05-31 In contrast to the clash of civilizations theory that sees Islam inevitably in conflict with the West Crews reveals the remarkable ways in which Russia constructed an empire with broad Muslim support As America and Western Europe debate how to secure the allegiances of their Muslim populations Crews offers a critical historical perspective

A Soviet Journey Alex La Guma, 2017-04-18 In 1978 the South African activist and novelist Alex La Guma 1925 1985 published *A Soviet Journey* a memoir of his travels in the Soviet Union Today it stands as one of the longest and most substantive first hand accounts of the USSR by an African writer La Guma's book is consequently a rare and important document of the anti apartheid struggle and the Cold War period depicting the Soviet model from an African perspective and the specific meaning it held for those envisioning a future South Africa For many members of the African National Congress and the South African Communist Party the Soviet Union represented a political system that had achieved political and economic justice through socialism a point of view that has since been lost with the collapse of the USSR and the end of the Cold War This new edition of *A Soviet Journey* the first since 1978 restores this vision to the historical record highlighting how activist intellectuals like La Guma looked to the Soviet Union as a paradigm of self determination decolonization and postcolonial development The introduction by Christopher J Lee discusses these elements of La Guma's text in addition to situating La Guma more broadly within the intercontinental spaces of the Black Atlantic and an emergent Third World Presenting a more expansive view of African literature and its global intellectual engagements *A Soviet Journey* will be of interest to readers of African fiction and non fiction South African history postcolonial Cold War studies and radical political thought

Tatar Empire Danielle Ross, 2020-02-04 An in depth study of the relationship between the Russian government and its first Muslim subjects who served in the vanguard of the empire's colonialism In the 1700s Kazan Tatar Muslim scholars of Kazan and scholarly networks stood at the forefront of Russia's expansion into the South Urals western Siberia and the Kazakh steppe It was there that the Tatars worked with Russian agents established settlements and spread their own religious and intellectual culture that helped shaped their identity in the nineteenth and early twentieth centuries Kazan Tatars profited economically from Russia's commercial and military expansion to Muslim lands and began to present themselves as leaders capable of bringing Islamic modernity to the rest of Russia's Muslim population Danielle Ross bridges the history of Russia's imperial project with the history of Russia's Muslims by exploring the Kazan Tatars as participants in the construction of the Russian

empire Ross focuses on Muslim clerical and commercial networks to reconstruct the ongoing interaction among Russian imperial policy nonstate actors and intellectual developments within Kazan's Muslim community and also considers the evolving relationship with Central Asia the Kazakh steppe and western China Tatar Empire offers a more Muslim centered narrative of Russian empire building making clear the links between cultural reformism and Kazan Tatar participation in the Russian eastward expansion This is a rich study that makes important contributions to the historiography of the Russian Empire sharpening our picture of an empire in which lines between colonizer and colonized were far from clear The Middle Ground Journal Asiatic Russia Tomohiko Uyama,2012-03-12 Although the Russian Empire has traditionally been viewed as a European borderland most of its territory was actually situated in Asia Imperial power was huge but often suffered from a lack of enough information and resources to rule its culturally diverse subjects and asymmetric relations between state and society combined with flexible strategies of local actors sometimes produced unexpected results In Asiatic Russia an international team of scholars explores the interactions between power and people in Central Asia Siberia the Volga Urals and the Caucasus from the 18th to the early 20th centuries drawing on a wealth of Russian archival materials and Turkic Persian and Tibetan sources The variety of topics discussed in the book includes the Russian idea of a civilizing mission the system of governor generalships imperial geography and demography roles of Muslim and Buddhist networks in imperial rule and foreign policy social change in the Russian Protectorate of Bukhara Muslim reformist and national movements The book is essential reading for students and scholars of Russian Central Eurasian and comparative imperial history as well as imperial and colonial studies and nationalism studies It may also provide some hints for understanding today's world where empire has again become a key word in international and domestic power relations Empire, Islam, and Politics in Central Eurasia Tomohiko Uyama,2007 *Orientalism and Empire in Russia* Michael David-Fox,Peter Holquist,Alexander Martin,2006 **Governing Tsarist Russia** Peter Waldron,2007-10-25 The tsarist empire posed unique problems to its rulers This book examines the challenges that faced them in terms of geography culture finance and military power It analyzes the sources of the Russian Empire's strength and the reasons why the tsars were able to maintain their power for so long **Russian Hajj** Eileen Kane,2015-11-02 In the late nineteenth century as a consequence of imperial conquest and a mobility revolution Russia became a crossroads of the hajj the annual Muslim pilgrimage to Mecca The first book in any language on the hajj under tsarist and Soviet rule Russian Hajj tells the story of how tsarist officials struggled to control and co-opt Russia's mass hajj traffic seeing it as not only a liability but also an opportunity To support the hajj as a matter of state surveillance and control was controversial given the preeminent position of the Orthodox Church But nor could the hajj be ignored or banned due to Russia's policy of toleration of Islam As a cross border migratory phenomenon the hajj stoked officials fears of infectious disease Islamic revolt and interethnic conflict but Eileen Kane innovatively argues that it also generated new thinking within the government about the utility of the empire's Muslims and their global networks Open

Ruthenians ethnic Ukrainians and Belarusians into the Russian Empire from the backdrop for confessional history critical to modern Ukrainian Belarusian and Russian identities In a region long shaped by religious and cultural tensions between the Roman Catholic and Eastern Orthodox churches the creation in 1596 of the Uniate church which retained the Eastern rite but accepted Catholic doctrine cut a new religious fault line through Ruthenian communities that set the stage for religious and political conflict Drawing on archival sources from Russia Poland and Ukraine The Western Front of the Eastern Church addresses the shifting identity and fate of Ruthenians on both sides of the Orthodox Uniate divide during the politically charged era of the partitions of Poland Skinner investigates diverging components of these faith communities in the 18th century the changing political landscape as the Russian Empire expanded its borders and the religious tensions and violence that occurred as a result She reveals cultural influences that shaped Ukrainian and Belarusian identities and sheds light on aspects of Russian imperial identity and mythology as it laid claim to its western borderlands The confessional focus critiques the nationalist perspective that has dominated the presentation of Ukrainian and Belarusian history and Skinner's treatment brings the region into the broader discussion of confessional development in Europe as a whole The narrative culminates in the Uniate conversions under Catherine II providing new insight into the limits of religious toleration in Catherinian Russia This book is essential reading for Russian and East European historians and those interested in the history of relations between the Roman Catholic and Orthodox churches as well as those studying the tensions between Russia Ukraine and Belarus today
