Overland Monthly, Devoted to the Development of the Country ,1903      **The Love Tree** Elyse Abiel,2020-12-20 Elyse Abiel has lived a full life marked by both adversity and adventure Facing tragedy as a young widow with small children and later surviving stage four cancer she has sought the answers to the age old questions of life Her quest to know God has given her enduring hope In *The Love Tree* she tells a beautiful story of overcoming hardship and evil to find adventure love and eternal life Abiel weaves snapshots of God s message for mankind with her true life stories to give hope in a demanding and often treacherous world It s a story of love giving us assurance God has not abandoned us With discussion questions included *The Love Tree* offers a snapshot of the beauty of God s plan It shares Abiel s narrative to help others find and know God live a purposeful existence and receive eternal lif      **Love in Contemporary British Drama** Korbinian Stöckl,2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama *Love in Contemporary British Drama* reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love s compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned      **A Human History of Emotion** Richard Firth-Godbehere,2021-11-16 A sweeping exploration of the ways in

which emotions shaped the course of human history and how our experience and understanding of emotions have evolved along with us Eye opening and thought provoking Gina Rippon author of *The Gendered Brain* We humans like to think of ourselves as rational creatures who as a species have relied on calculation and intellect to survive But many of the most important moments in our history had little to do with cold hard facts and a lot to do with feelings Events ranging from the origins of philosophy to the birth of the world's major religions the fall of Rome the Scientific Revolution and some of the bloodiest wars that humanity has ever experienced can't be properly understood without understanding emotions Drawing on psychology neuroscience philosophy art and religious history Richard Firth Godbehere takes readers on a fascinating and wide ranging tour of the central and often under appreciated role emotions have played in human societies around the world and throughout history from Ancient Greece to Gambia Japan the Ottoman Empire the United States and beyond *A Human History of Emotion* vividly illustrates how our understanding and experience of emotions has changed over time and how our beliefs about feelings and our feelings themselves profoundly shaped us and the world we inhabit *The New York Dramatic Mirror*, 1909 The Italian novelists, to the close of the 18th century, arranged in an historical and chronological series, tr., with notes, by T.
