American Eyes: Early Depictions Of The Chinese People And Culture In The Us Print Media Wenxian Zhang, 2018-02-20 Cultural understanding between the United States and China has been a long and complex process The period from the mid nineteenth century to the early twentieth century is not only a critical era in modern Chinese history but also the peak time of illustrated news reporting in the United States Besides images from newspapers and journals this collection also contains pictures about China and the Chinese published in books brochures commercial advertisements campaign posters postcards etc Together they have documented colourful portrayals of the Chinese and their culture by the U S print media and their evolution from ethnic curiosity stereotyping and racial prejudice to social awareness reluctant understanding and eventual acceptance Since these publications represent different positions in American politics they can help contemporary readers develop a more comprehensive understanding of major events in modern American and Chinese histories such as the cause and effect of the Chinese Exclusion Act and the power struggles behind the development of the Open Door Policy at the turn of the twentieth century This collection of images has essentially formed a rich visual resource that is both diverse and intriguing and as primary source documents they carry significant historical and cultural values that could stimulate further academic research *Embodying Antiracist Christianity* Keun-joo Christine Pae, Boyung Lee, 2023-12-21 At a moment of notably rising levels of anti Asian hate this book offers antiracist resources informed by Asian North American feminist theology and biblical scholarship Although there exist scholarly books and articles on Asian

American theology broadly defined have proliferated in response to the current ethical political and cultural environment have been prolific there have been few concerted efforts to interrogate or dismantle anti Asian racism inseparable from anti black racism and white settler colonialism that have often undermined the communal spirit and livelihood of Christian churches in the current political climate In the current political climate COVID related anti Asian hate and racial conflict which all intersect with gender and sexuality based violence require theological moral and political inquiries Hence this book notes the current paucity of work with critical discussions on the multiple facets of racism from Asian American feminist theological perspectives Contributors deepen the inter transdisciplinary approaches concerning how to dismantle racist theological teachings biblical interpretations liturgical presentations and the Christian church s leadership structure

City of Inmates Kelly Lytle Hernández, 2017-02-15 Los Angeles incarcerates more people than any other city in the United States which imprisons more people than any other nation on Earth This book explains how the City of Angels became the capital city of the world s leading incarcerator Marshaling more than two centuries of evidence historian Kelly Lytle Hernández unmask how histories of native elimination immigrant exclusion and black disappearance drove the rise of incarceration in Los Angeles In this telling which spans from the Spanish colonial era to the outbreak of the 1965 Watts Rebellion Hernández documents the persistent historical bond between the racial fantasies of conquest namely its settler colonial form and the eliminatory capacities of incarceration But *City of Inmates* is also a chronicle of resilience and rebellion documenting how targeted peoples and communities have always fought back They busted out of jail forced Supreme Court rulings advanced revolution across bars and borders and as in the summer of 1965 set fire to the belly of the city With these acts those who fought the rise of incarceration in Los Angeles altered the course of history in the city the borderlands and beyond This book recounts how the dynamics of conquest met deep reservoirs of rebellion as Los Angeles became the City of Inmates the nation s carceral core It is a story that is far from over

Congress and China Policy Robert G. Sutter, 2023-11-20 Congress and China Policy Past Episodic Recent Enduring Influence supports findings that bipartisan majorities in Congress have been instrumental in driving the fundamental shift in American policy toward China carried out during the past six years Filling major gaps in the inadequate treatment of Congress in assessments of US policy toward China this book compares recent Congressional influence with the episodes of Congressional activism in China policy over the past 200 years showing Congress recently has been more important than ever The findings also show that partisan politics Congressional executive competition for policy control swings in public and media opinion and influences by special interests longstanding drivers of past Congressional involvement in China policy have been of secondary or lesser importance as the Congressional members

have grappled with the acute dangers posed by Chinese economic security and governance challenges. Steady and determined efforts by this cohort of bipartisan Congressional majorities to defend America from Chinese challenges have proven more resolute than the erratic practices of President Trump and previously dismissive Joseph Biden who came late to a tougher policy. This volume forecasts that US policy will remain heavily influenced by these members as they serve out their terms in the years ahead.

Immigration and Apocalypse Yii-Jan Lin, 2024-11-26. Tracing the metaphor of America as the Book of Revelation's New Jerusalem, Yii Jan Lin shows how apocalyptic narratives have been used to exclude unwanted immigrants. America appeared on the European horizon at a moment of apocalyptic expectation and ambition. Explorers and colonizers imagined the land to be paradise, the New Jerusalem of the Bible's Book of Revelation. This groundbreaking volume explores the conceptualization of America as the New Jerusalem from the time of Columbus to the Puritan colonists through US expansion and from the eras of Reagan to Trump. While the metaphor of the New Jerusalem has been useful in portraying a shining God-blessed refuge with open gates, it has also been used to exclude, attack, and criminalize unwanted peoples. Yii Jan Lin shows how newspapers, political speeches, sermons, cartoons, and novels throughout American history have used the language of Revelation to define immigrants as God's enemies who must be shut out of the gates. This book exposes Revelation's apocalyptic logic at work in the history of Chinese exclusion, the association of the unwanted with disease, the contradictions of citizenship laws, and the justification for building a US-Mexico wall like the wall around the New Jerusalem. This book is a fascinating analysis of the religious, biblical, and apocalyptic in American immigration history and a damning narrative that weaves together American religious history, immigration, and ethnic studies and the use of biblical texts and imagery.
