An FLR: Female-Led Relationship Mistress Dede,2016-11-10 FLR stands for female led relationship These are relationships in which the woman and the man agree that she will be the dominant partner while he will be the subservient one There are plenty of ways to engage in this type of relationship for a fulfilling and adventurous lifestyle Here are the details on what it means its various aspects and how to apply FLR principles to your own relationship *A Modern Couple's Guide to Female-Led Relationships* Mistress Dede,2015-02-08 Nowadays many people are becoming more and more aware to the concept that not all relationships are the same What works for some people certainly does not suit others Love and affection need not be confined to labels and strict definitions because the spectrum of what constitutes a relationship is

broader than many people imagine The foundation of a great relationship is built on a solid platform comprised of love trust respect and above all communication But there are so many different ways of expressing these things and no relationship is one size fits all For many people the phrase traditional relationship conjures an image of a subordinate woman with the man ruling the roost While this is no longer seen as an absolute standard it still has resonance with lots of people And while a large majority of people prefer a more egalitarian approach to relationships that doesn't work for everyone either Female led relationships are often misunderstood but are more common than you might think In this type of relationship the woman is the dominant partner and her partner is the willing subordinate We'll be exploring the dynamics of this type of relationship in this guide and the various aspects and benefits it has to offer You may find yourself more intrigued than ever before
