Theological and ministry perspectives Jan Grobbelaar, Gert Breed, Stephan de Beer, Nico Koopman, Elijah Mahlangu, Malan
 Nel, Dirkie Smit, Pieter Verster, 2016-12-31 The purpose of this book is to combine perspectives of scholars from Africa on
 Child Theology from a variety of theological sub disciplines to provide some theological and ministerial perspectives on this
 topic The book disseminates original research and new developments in this study field especially as relevant to the African
 context In the process it addresses also the global need to hear voices from Africa in this academic field It aims to convey the
 importance of considering Africa s children in theologising The different chapters represent diverse methodologies but the
 central and common focus is to approach the subject from the viewpoint of Africa s children The individual authors varied
 theological sub disciplinary dispositions contribute to the unique and distinct character of the book Almost all chapters are
 theoretical orientated with less empirical but more qualitative research although some of the chapters refer to empirical
 research that the authors have performed in the past Most of the academic literature in the field of Child Theologies is from
 American or British European origin The African context is fairly absent in this discourse although it is the youngest
 continent and presents unique and relevant challenges This book was written by theological scholars from Africa focussing
 on Africa s children It addresses not only theoretical challenges in this field but also provides theological perspectives for
 ministry with children and for important social change Written from a variety of theological sub disciplines the book is aimed
 at scholars across theological sub disciplines especially those theological scholars interested in the intersections between
 theology childhood studies and African cultural or social themes It addresses themes and provides insights that are also
 relevant for specialist leaders and professionals in this field No part of the book was plagiarised from another publication or

Dolezal,2011-11-09 The doctrine of divine simplicity has long played a crucial role in Western Christianity s understanding of God It claimed that by denying that God is composed of parts Christians are able to account for his absolute self sufficiency and his ultimate sufficiency as the absolute Creator of the world If God were a composite being then something other than the Godhead itself would be required to explain or account for God If this were the case then God would not be most absolute and would not be able to adequately know or account for himself without reference to something other than himself This book develops these arguments by examining the implications of divine simplicity for God s existence attributes knowledge and will Along the way there is extensive interaction with older writers such as Thomas Aquinas and the Reformed scholastics as well as more recent philosophers and theologians An attempt is made to answer some of the currently popular criticisms of divine simplicity and to reassert the vital importance of continuing to confess that God is without parts even in the modern philosophical theological milieu

The Attributes of God Volume 1 A. W. Tozer,2007-02-14 The most important question For A W Tozer no question is more important than What is God like The desire to know God consumed his entire life and ministry That s why those who read him come to know God more intimately Originally preached as sermons at Southside Alliance Church in Chicago this first volume of The Attributes of God examines ten attributes of God It also includes a study guide for an in depth look at each attribute Infinite Immense Good Just Merciful Gracious Omnipresent Immanent Holy Perfect Steeped in Scripture and filled with the Spirit Tozer preached with striking clarity and power The sense of his sermons comes through on every page bringing the Word of God to bear upon you If a sermon can be compared to light then A W Tozer released a laser beam from the pulpit a beam that penetrated the heart Warren Wiersbe former

pastor of The Moody Church **The Divine Secret of Nothing** Vincent Morales,2010 A man shares his synthesis of ancient and quasi empirical thinking that helped him to become more open to receive the grace that he needed to conquer the passions of the flesh to return to God what belongs to Him The man utilizes scriptural verses the wisdom of saints and philosophers and insightful illustrations to empower and encourage the reader in the good fight to conquer the passions of self for the reward that God gives to a person for conquering the passions and returning what belongs to Him is nothing less than as St Teresa of Avila said the reward of Himself This book might be difficult for some people to read due to its controversial content Nevertheless it is an illuminating and thought provoking read for people who want to know God as Complete Goodness as well as the man s revelatory thoughts on the Bible the devil the fallen angels creation and the afterlife

Is God Capable? Tommy Thompson, 2021-02-23 The purpose of this book is to fight against the lies of Satan with indisputable facts of absolute truth found only in the Word of the Lord otherwise known as

the Bible These indisputable facts addressed in this book answer the following questions Is God capable of causing His Holy Scriptures to reach us today accurately translated from the original languages in which they were written Is God capable of speaking into existence out of nothing the trillions of galaxies that make up the heavens and the universe Is God capable of causing His absolute truth to be applicable to all of us today thousands of years after His absolute truth was actually written Is God capable of truly blessing the nation whose God is the Lord Is God capable of expressing to us that which is true forgiveness Is God capable of fulfilling His promise of eternal life Satan s answer to all of these questions is a resounding No God is not capable The research in this book details people and organizations who have offered indisputable facts that God is capable of accomplishing all of the above It is my fervent desire to get this book into the hands of as many people as possible so that it can be used as a tool to fight the lies of Satan and more importantly promote the absolute truths found in the Word of the Lord otherwise known as the Bible It is my fervent prayer that the information and suggested actions in this book are used as tools to promote the absolute truths that God really does bless the nation whose God is the Lord and that the Word of the Lord otherwise known as the Bible is just as applicable in our lives today as it was when it was written all of those thousands of years ago 2
