Equity, Its Principles in Procedure, Codes and Practice Acts, the Prescriptive Constitution, Herefrom Codes Reaffirm Organic Principles William Taylor Hughes, 1911 *Cases on Federal Procedure Together With Judicial Code, Equity Rules, Forms and Questionnaire (Classic Reprint)* Carl C. Wheaton, 2015-07-10 Excerpt from Cases on Federal Procedure Together With Judicial Code Equity Rules Forms and Questionnaire This book has been compiled primarily for use in the class room Therefore its size has been kept within such a limit that it can all be covered in two recitations a week for half of a school

year As a result only the more important sections of the Judicial Code have been covered thoroughly and cases have not been included on points which are obvious The notes presented in connection with the reprinted cases are not intended to be lists of cases in accord with them but rather to show when there are cases contra to them and to give illustrations of variations of the problems dealt with in them Only those portions of the cases which are relevant to the points which are intended to be illustrated by them are set forth Names and arguments of counsel are omitted as are long lists of cited cases In many instances the facts have been restated The Judicial Code has been included so that it may be available for ready reference The Equity Rules and certain forms illustrating them have been reprinted so that if time permits some work may be done along the practical lines of Federal Procedure A large number of forms have not been reprinted since the students using this book would not have the time to study them accurately I gratefully acknowledge the kindness of Dean Roscoe Pound and Professor Joseph H Beale of the Harvard Law School in responding to my requests for advice The inclusion of certain portions of this book as well as the form given to some of the indexes is due to that correspondence About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
