*First Person Plural* Cameron West, PhD, 2026-05-26 A New York Times USA Today and Publishers Weekly bestseller *First Person Plural* chronicles Cameron West's desperate journey to understand his fragmented mind and ultimately achieve the triumph of a regular life. What the hell is happening to me? I feel possessed. I'm talking gibberish in the mirror and somebody else's voice is coming out of my mouth. Cameron West was in his thirties, a successful businessman, happily married, and the father of a young son when he spoke these words. The voice he heard belonged to Davy, the first of twenty-four alter personalities to emerge over a period of several months as West began to recall memories of horrific abuse he'd repressed since childhood. With distinct characteristics, mannerisms, and memories, all twenty-four were created by West to protect his psyche from the trauma of repeated sexual abuse at the hands of family members. In addition to a spellbinding story, West provides rare and unprecedented insight into the fascinating condition known as dissociative identity disorder, the working of the mind of a multiple, and his alters' coexistence with one another and with the world outside. Heart-wrenching, humorous, and ultimately hopeful, *First Person Plural* is a story that will make you stand in awe of the power of the mind to protect itself and cheer for West as he struggles to gain control of his life.
