Faith And Public Policy:

Faith and Public Policy James R. Wilburn, 2002-01-01 Faith and Public Policy turns the spotlight on the role of faith in the public square and the spiritual consequences of public policymaking The work brings together fourteen of America's most respected writers on the intersection of faith and public policy to discuss the changing roles of government church education and the family Chapters investigate such issues as inner city programs the secularization of faith based programs the impact of tax policy on the family and the status of school vouchers Contributions by Steve Forbes and William E Simon illustrate the deep personal faith that informs and fuels the public leadership of America's leading thinkers and political figures Readers will find Faith and Public Policy a timely and vigorous conversation on the commingling of government and religion in America a country eager to return to the Founding Generation's idea of a nation in covenant with God *Faith, Social Justice, and Public Policy* Gary Maring, 2012-06-01 Gary Maring a progressive person of faith discusses key social justice policy issues of the day such as economic inequality poverty homelessness human rights health care peacemaking and environmental stewardship which need support from the progressive faith spiritual and secular communities He says we need to rediscover a passion and a moral call to action among these communities Otherwise we let the Religious Right and their political supporters dominate the media and move our country backward on social justice issues Finally he says we need a call to compassion and justice the common tenets of most religious traditions Mr Maring brings significant credibility on social justice issues as one of the founders of N Street Village a comprehensive transition home for homeless women now serving more than 60 percent of the population of homeless women in D C As a founder and a current Board member of N Street Village Gary Maring shares the experience of seeking biblical justice in an urban congregation's challenged community Opening the doors to the homeless by his DC church Luther Place came to be seen by many as the essence of faith based response to the critical needs of the community The diverse interreligious and secular base of supporters continues to this day helping to live out the concepts of hospitality and shalom peace with justice in service at N Street Village Mr Maring makes the important observation that churches are the largest beneficiary of charitable giving and they have tremendous property and other financial resources which can be pooled with government and private resources to create community social justice programs on a significant scale as was done with N Street Village a 20 million public private partnership development Mr Maring also offers an extensive bibliography of progressive theologians and shares their insight regarding the biblical call for social justice the transformation occurring in institutional religion and the role of faith in public policy **Personal Faith, Public Policy** Harry R, Jr. Jackson, 2012-10-30 Harry Jackson and Tony Perkins believe that America stands at a crossroads As a nation we must choose God's blessings or His destruction of our society The Religious Right as it has been termed often looks to the world as its enemy and many Christians have seen themselves as combatants in war against anti God forces In Personal Faith Public Policy Jackson and Perkins take a radical new position stating that the

Christian church must lead morally and impact the culture with personal spiritual power and unified Christian public policy demonstrating how a unified church can tackle each one of the seven major problems of our culture Achieving victories in each of the seven areas presented will result in vanquishing the big problem facing our country moral decay Show Less

The Politics of Faith Jerry L. Sumney, 2020-09-01 The Politics of Faith addresses key biblical texts and their intersection with questions of good government social policy and societal leadership It speaks to Christians and others who seek to ponder and discuss the role of faith and Bible in their decisions about civic politics and faithful citizenship This book aims to enable readers to see more clearly that the Bible does speak about the kinds of economic and social policies a nation should adopt It will empower them to claim the message of Scripture in favor of policies that promote the good of those who are disadvantaged and the good of the community It will help them make the argument that the Bible calls for laws and policies that expect the wealthy to contribute to the good of all including policies and laws that are not always to their personal financial advantage The author explores ways the Old Testament shows God's concern for social structures the ideal early church community in Acts and how the Gospel of Matthew shows concern for social structures in the ministry of Jesus The final section looks at the writings of Paul showing how they demand certain kinds of political commitments This book will help readers talk about how a deeper understanding of Scripture can affect how one votes and the kinds of policies one supports Each chapter ends with a set of questions for discussion that both review what is in the chapter and provoke discussion about faithful action

Christian Faith and Public Policy Arthur R. Simon, 1987 Intended for general readers this clearly written book will be of special interest to socially concerned Christians Study questions enhance the book's value as a resource for individuals or groups

The Role of Religion in Public Policy Eamon Doyle, 2018-12-15 One of the fundamental rights granted in the United States is religious freedom but does this mean that religion should be entirely removed from politics or that all religious voices should be considered equally The separation of church and state was established in the Constitution but the fact that as of 2015 84 percent of Americans hold some sort of religious belief means that this is easier said than done Religious morality frequently colors debates surrounding various policy issues ranging from reproductive rights to education This volume exposes readers to the ways in which religion inflects policymaking and the varying perspectives about religion's role in politics

Re-imagining Religion and Belief Christopher Baker, Beth R. Crisp, Adam Dinham, 2018-08-29 The need to reimagine religion and belief is precipitated by their greater visibility in public life Meanwhile social policy responses often see them from a problem based rather than an asset based approach However with growing diversity of religion and belief in every sector comes the potential for new dialogues across previously impermeable policy and disciplinary silos This volume brings together leading international authors to critically consider these challenges within legal and policy frameworks including security and cohesion welfare law health and social care inequality cohesion extremism migration and abuse It challenges policy makers to re imagine religion and belief as an

integral part of public life that contains resources practices forms of knowledge and experience that are essential to a coherent policy approach to diversity enhanced democracy and participation

Healing for a Broken World Steve Monsma, 2008-02-04 Do today's believers know how to be not simply good citizens but good Christian citizens Are they ready to respond to contemporary public policy issues such as genocide global AIDS global warming and human trafficking according to Scripture rather than any particular political agenda A growing segment of them are even if they aren't quite sure how to accomplish it This book is for them With American evangelicals having more political influence today than ever before this book is especially important The opening chapters establish the foundational biblical principles that are relevant to our lives as Christian citizens no matter the topic Author Steve Monsma next highlights crucial global issues in which believers are called to live out their faith Forgoing ready made answers Monsma encourages a reflective thoroughly biblical response via a lively writing style His book will equip all believers to make godly humanitarian choices rather than purely political ones A DVD featuring a 10 minute introduction to each chapter of this book is available from Crossway at www.crossway.org or from the Henry Institute for the Study of Christianity and Politics at www.calvin.edu/henry It is ideal for use in classes and discussion groups

Toward an Evangelical Public Policy Ronald J. Sider, Diane Knippers, 2005-02 Deepens thinking about biblical and other conceptual foundations for political engagement in order to unify and give consistency to evangelicals involvement in politics

Christian Justice and Public Policy Duncan B. Forrester, 1997-08-28 Disagreements about justice are not simply academic matters They create problems for practice and for policy making In a morally fragmented society in which nobody knows what justice is issues such as wages policy punishment and poverty become particularly difficult to handle People striving to act justly are often uncertain how this might be done Secular theories such as those of Rawls Hayek Habermas and modern feminist theorists examined here give some guidance for problems of justice that arise on the ground but have serious limitations This book argues that Christian theology although it can no longer claim to provide a comprehensive theory of justice can provide insights into justice theological fragments which give illumination challenge some aspects of the conventional wisdom and contribute to the building of just communities in which people may flourish in mutuality and hope

Law, Religion, and Public Policy Julia K. Stronks, 2002-08-20 Differing definitions of religion are fundamental determinant of the debate over religious freedom in the United States argues Stronks political science Whitworth College Looking at 200 years of judicial interpretation she discusses how judges have defined religion in relation to the provisions of the First Amendment of the Constitution She then turns to the effect the differing definitions have on judicial rulings about the policy areas of religion in public schools regulation of employment decisions by religious institutions and public aid to private institutions such as President Bush's faith based initiative She argues that confusion over the parameters of religious freedom stem from the failure of theorists to carefully define the nature of religion Annotation copyrighted by Book News Inc Portland OR

Civil Society A. Dinham, 2009-03-12 This book uses empirical data and theory to explore the role of faiths as public actors their contribution to welfare services how they help build community cohesion and break it down and what it means for them and for others to be involved in new modes of governance **Mediating Religion and Government** Kevin R. den Dulk, E. Oldmixon, 2014-11-19 The study of religion and politics is a strongly behavioral sub discipline and within the American context scholars place tremendous emphasis on its influence on political attitudes and behaviors resulting in a better understanding of religion s ability to shape voting patterns party affiliation and views of public policy **Healing for a Broken World** Steve Monsma, 2008-02 Equips Christians to understand and respond to current public policy issues in a thoroughly biblical manner so that they may live as thoughtful conscientious world citizens Religion Returns to the Public Square Hugh Heclo, Wilfred M. McClay, 2003-02-28 Despite talk of a naked public square religion has never really lost its place in American public life As the twenty first century opened it was re emerging in unexpected and paradoxical ways Religious institutions were considered for expanded roles in welfare and education at the same time that the limits of religious pluralism as for example in the relation of Islam to American values became a question of urgent public concern Religion Returns to the Public Square Faith and Policy in America explores how and why religion has to be mixed up with American politics Uncovering philosophical historical legal and social roots of this relationship these essays go beyond hot button issues to reflect on the current interactions and future possibilities of religion and politics in America Christians In The Public Square John Warwick Montgomery, 2018-01-27 This collection of articles examining the inter relationship between law and gospel what a Christian should and should not attempt to do in the public realm of politics and bioethical issues Included are essays by David Kilgour one of Canada s longest serving Members of Parliament providing the perspective of a practicing politician and theologian C E B Cranfield on the New Testament s teaching **Faith and Health** Paul D. Simmons, 2008 Faith and Health examines controversial issues in medical ethics such as embryo stem cell research the face transplant cyborgs and the human and physician assisted suicide Those struggling with such confusing and controversial subjects will appreciate the insights from ethics theology and law the author brings together Here is guidance for personal or social responses to questions in medicine that affect us all Battleground: Criminal Justice Gregg Barak, 2007-10-30 There are many controversial aspects of our criminal justice system and this encyclopedia examines the most significant controversies throughout American history with emphasis on current debates trends and issues Arranged alphabetically approximately 100 entries cover background explanations notable cases and events various sides of an issue and what to expect in the future Entries are objective and factual allowing readers to formulate their own conclusions Sidebars and case examples help to illustrate each entry and sources for further reading point readers to other important materials Given the prevalence of controversial criminal justice topics in the news this timely reference is an important resource for anyone interested in crime and justice Entries include Boot Camps Corporal Punishment DNA Evidence Domestic Violence Expert
