226. **Zoom:** The document can be zoomed in or out from 10 to 400% by dragging the zoom slider. The zoom icon is shown in chapter 13.5, see slide.

More Features in Excel® 2007

Excel 2007 offers many new features not found in Excel 2003, some of the new and improved features (some in red) are described in greater detail in this section.

- The most noticeable change in the increasingly redesigned **Urban Environments (UEs)** includes very different floor plans, modern people adapt to the new design very quickly, taking it much better because it is easier to find what you want, and allows the ability to get new changes faster without making them

- **Stress** has things that generate an experience, can result in negative consequences, and that can lead to a very negative outcome. **Stress** can be caused by many factors. **Stress** is a response to the environment.
- **Stressors** are the things that generate the stress. They can be physical, social, or emotional. They can be acute or chronic. They can be positive or negative. They can be a result of a situation, or they can be a result of a person's perception of a situation.

- The *Document Separator* is a tool to divide the document, automatically, according to hidden text, paragraph tags, etc., before distributing the document.
- The *Merge as Sheet* option prevents editing of the document when it is distributed (but it prevents updates, so it can't really be recommended).
