Expert Heads

Up No Limit Hold'em Will Tipton, A lot of poker books promise instant success screaming Crush the online games or How I won a million dollars playing poker They suggest that poker is actually rather easy and that anyone with five minutes to spare can quickly gain expertise in the game But you know that these claims simply aren't true To achieve mastery of poker is not easy it requires a great deal of deep thinking Expert Heads Up No Limit Hold'em is a unique and remarkable book providing a clear framework with which to analyse the game The author Will Tipton a PhD candidate at Cornell University demonstrates how decision trees can be used to model complex poker decisions Starting with simple preflop only situations he moves on to consider deeper concepts such as balance the analysis of ranges and the theory behind optimal bet sizing Why study Heads Up No Limit Because a deep understanding of this format is crucial for the modern poker player It's a very exciting game in its own right but it's also critical for the final stages of tournament or sit n go play If you find yourself playing for first prize you will be playing heads up for a great deal of money Perfecting your play will give you the edge to maximise your expectation whether you are competing for the big money or grinding out your profit in heads up cash games or SNGs Expert Heads Up No Limit Hold'em will give you that edge by helping you identify and maximally exploit opponents tendencies giving you a clear explanation of the practical application of theoretical ideas developing your intuition about game theory so that you can apply its lessons directly at the tables

No-Limit Hold 'em for Advanced Players Matthew Janda, 2017-06 In 2003 poker was put on television and no limit hold'em quickly became the most popular form of poker played in casinos public cardrooms and on the Internet At first because of the newness of the game to most participants they could be easily be beaten by players with only a moderate knowledge of sophisticated strategy But today this is no longer the case Even though no limit hold'em is not from a Game Theory perspective a solved game many ideas and concepts which come from this branch of mathematics now play an important role in a strong winning no limit hold'em strategy But it's also important for the expert player to know when to leave what is known about optimal play and switch to exploitative strategies to maximize his profit And this brings us to No Limit Hold'em for Advanced Players Emphasis on Tough Games by Matthew Janda In this text Janda spends much time discussing sophisticated strategies that should be employed against tough opposition some of which
