Tarot is basically a pack of cards and the reading of these cards is referred to as tarot card reading. Tarot card reading can help you lead a happy life by revealing to you all the inner secrets of life. There are many decks with 78 pictorial cards each with its own imagery, symbolism, and story. Through them, one can get clear intuitive guidance of a person which eventually tarot card readers predict for their clients. In other words, reading tarot cards is a type of cartomancy. A person can ask the reader any question regarding professional life, money, health, relationship, family, business, etc. a tarot card reader reads them in combination depending on the kind of question. Tarot card reading can help you lead a happy life by revealing to you all the inner secrets of life. The process of prediction starts with knowing a person's present life and his state of mind. Tarot card reading is also a counseling technique that gives out advice to people having relationship problems by creating and nurturing harmonious relationships. It helps do away with all negative energy and fills a person with positive energy so as to induce him to take risks. Apart from tarot card reading, I also give a lot of counseling. For instance, an individual is finding it hard to get out of a bad breakup or has too many relationship problems; counseling along with reading gives them the power to move on as life goes on.
