Freedom's Frailty Christine Abigail L. Tan, 2024-04-01 This book starts with the radical premise that the most coherent way to read the Zhuangzi is through Guo Xiang d 312 CE the classic Daoist text s first and most important commentator and that the best way to read Guo Xiang is politically Offering an investigation of the notions of causality self freedom and its political implications the book provides a comprehensive account of freedom that is both ontological and political using Guo s notion of self realization zide This is a conception of freedom that introduces a dependence based autonomy in which freedom is something we achieve and realize through our connection to others The notion that a subject is born with freedom and that one can return to it by isolating oneself from others would be a strange idea not just to Guo but to most Chinese philosophers Rather freedom is complex and frail and only the kind of freedom that is collectively attained through radical dependence can be worth having In sum the book makes a new contribution to Chinese philosophical scholarship as well as philosophical debates on freedom

Freedom Arunaraje Patil, 2017-04-10 Growing up in a newly free India film maker Arunaraje Patil came to be deeply invested in the idea of freedom for herself for those around her and for the society she was growing up in To be truly independent though there was a lot of unlearning and disengaging she had to do from conversations of the past from who she knew herself to be and from the image that she had trapped herself in It was with her fourth film Rihaae 1988 that Patil rediscovered herself and her own creative expression That movie was a declaration of intent one that set her on a journey that continues to this day Freedom My Story is the chronicle of a radical thinker and film maker in a male dominated world her struggles her inspirations the prejudices she had to deal with and ultimately the freedom her art offered This is as much the story of one immensely inspiring life as it is an acute look into a young changing nation

Developing and Building the Mind and Heart of Christ Jesus Dr. David Garty, 2021-04-01 The book is a heart desire to help individual believers to grow and mature in their personal walk with the Lord Jesus Christ As they would become to understand that they are already the sons and daughters of God through their personal relationship with Jesus Christ That the Christian walk is not about doing but about being And when we as believers start being the true sons and daughters of God the natural flow of doing happens It s all about who I am in Christ Jesus and practicing my true identity in Him each and every day that will allow heavens realities to manifest here on earth
