Freedom Next Time John Pilger, 2007-05-15 Describes the struggle for freedom in Afghanistan Iraq South Africa Palestine and the island of Diego Garcia The Will to Resist Dahr Jamail, 2016-12-05 An award winning journalist tells the hidden story of American soldiers turning against an unjust war **Empire's New Clothes** Paul Street, 2015-12-03 As Obama nears the middle of his first term as president Paul Street assesses his performance against the expectations of his supporters While mainstream journalists have noted discrepancies between Obama's original vision and reality Paul Street uniquely measures Obama's record against the expectations of the truly progressive agenda many of his supporters expected him to follow Taken together the list of Obama's weakened policies is startling his business friendly measures with the economy the lack of support for the growing mass of unemployed and poor the dilution of his health reform agenda the passage of a record setting Pentagon budget and escalation of US military violence in Afghanistan Pakistan Yemen and Somalia Street's account reveals these and many other indications of how deeply beholden Obama is to existing dominant domestic and global hierarchies and doctrines United States and Britain in Diego Garcia P. Sand, 2009-07-06 Diego Garcia is a pivotal US base for all Middle East operations This book describes its evolution from a secret US UK bilateral deal in 1966 and the deportation of the native population in the 70s to its new role in Guantamo style renditions and the impact of military construction on its environment *I Mix what I Like!* Jared A. The United States of War David Vine, 2020-10-13 2020 L A Times Book Prize Finalist History A provocative examination of how the U S military has shaped our entire world from today's costly endless wars to the prominence of violence in everyday American life The United States has been fighting wars constantly since invading Afghanistan in 2001 This nonstop warfare is far less exceptional than it might seem the United States has been at war or has invaded other countries almost every year since independence In The United States of War David Vine traces this pattern of bloody conflict from Columbus's 1494 arrival in Guantanamo Bay through the 250 year expansion of a global U S empire Drawing on historical and firsthand anthropological research in fourteen countries and territories The United States of War demonstrates how U S leaders across generations have locked the United States in a self-perpetuating system of permanent war by constructing the world's largest ever collection of foreign military bases a global matrix that has made offensive interventionist wars more likely Beyond exposing the profit making desires political interests racism and toxic masculinity underlying the country's relationship to war and empire The United States of War shows how the long history of U S military expansion shapes our daily lives from today's multi-trillion dollar wars to the pervasiveness of violence and militarism in everyday U S life The book concludes by confronting the catastrophic toll of American wars which have left millions dead wounded and displaced while offering proposals for how we can end the fighting The Nation, 2007 Creating a Failed State John W. Warnock, 2008 By the end of 2001 the United States and its local allies had chased the hated Taliban government out of Afghanistan They had begun a process to create a new constitution and elect a government and the United Nations was leading a broad coalition starting reconstruction and development Canada made major commitments to this project but the Taliban are back The war restarted and looks to have no end in sight As John Warnock so deftly explains this situation is only understandable within a broad geopolitical framework Under the guise of intending to capture Osama bin Laden and the al Qaeda perpetrators of the 9/11 attacks Afghanistan became a target for U S imperialism and its desire to dominate the world and its oil and gas resources Shamefully but not surprisingly successive Canadian governments have participated in this imperialist adventure in Central Asia **Z Magazine**, 2008 The Publishers Weekly, 2007 **Foreign Service Journal**, 2010 The Writers Directory, 2013 **Freemason's Monthly**, 1874 Queen's Quarterly, 1902 **The Spectator**, 1880 **The Politics of Freedom** Arthur Meier Schlesinger, 1950 With a new introduction by the author The Vital Center is an eloquent and incisive defense of liberal democracy against its rivals to the left and to the right communism and fascism It shows how the failures of free society had led to the mass escape from freedom and sharpened the appeal of totalitarian solutions It calls for a radical reconstruction of the democratic faith based on a realistic understanding of human limitation and frailty **Source Material for a History of the Freedom Movement in India** N.
