Generating Theatre Meaning Generating Theatre Meaning:

Generating Theatre Meaning Eli Rozik, 2007-12-01 Offers a theory and methodology of performance analysis as an alternative to traditional play analysis This book carries an underlying theme that theatre performance is a descriptive text generated by the theatre medium and that the process of generating meaning takes place in the actual encounter between a theatre performance and the spectator

Producing Theatre Donald C. Farber, 2006-11 For the professional and student here is a basic guide to raising money obtaining rights and bringing a play to the stage Appendices include actual examples of commonly used legal forms and contracts likely to remain for some time to come the authoritative reference in its field

Physical Theatres Simon Murray, John Keefe, 2016-03-17 This new edition of *Physical Theatres A Critical Introduction* continues to provide an unparalleled overview of non text based theatre from experimental dance to traditional mime It synthesizes the history theory and practice of physical theatres for students and performers in what is both a core area of study and a dynamic and innovative aspect of theatrical practice This comprehensive book traces the roots of physical performance in classical and popular theatrical traditions looks at the Dance Theatre of DV8 Pina Bausch Liz Aggiss and J r me Bel examines the contemporary practice of companies such as Th atre du Soleil Complicite and Goat Island focuses on principles and practices in actor training with reference to figures such as Jacques Lecoq Lev Dodin Philippe Gaulier Monika Pagneux Etienne Decroux Anne Bogart and Joan Littlewood Extensive cross references ensure that *Physical Theatres A Critical Introduction* can be used as a standalone text or together with its companion volume *Physical Theatres A Critical Reader* to provide an invaluable introduction to the physical in theatre and performance New to this edition a chapter on The Body and Technology exploring the impact of digital technologies on the portrayal perception and reading of the theatre body spanning from onstage technology to virtual realities and motion capture additional profiles of Jerzy Grotowski Wrights and Sites Punchdrunk and Mike Pearson focus on circus and aerial performance new training practices immersive and site specific theatres and the latest developments in neuroscience especially as these impact on the place and role of the spectator

Jewish Drama & Theatre Eli Rozik, 2013-07-01 Jewish drama and theatre has followed a tortuous path from extreme rabbinical intolerance to eventual secular liberalism with its openness to the heritages of both Judaism as a culture and prominent foreign cultures to the extent of multicultural integration No wonder therefore that since biblical times until the seventeenth century there are only examples of tangential theatre practices This initial intolerance shared by the Church was rooted in pagan connotations of theatre rather than in the neutral nature of the theatre medium capable of formulating and communicating contrasting thoughts Whereas by the tenth century the Church understood that theatre could be harnessed to its own ends Jewish theatre was only created seven centuries later through spontaneous and amateurish theatrical practices such as the Yiddish purim shpil and the purim rabbi Due to their carnivalesque and cathartic nature these practices were tolerated by the rabbinical establishment albeit only during the Purim holiday But as a result Jewish

drama and theatre were created and emerged despite rabbinical antagonism Under the influence of the Jewish Enlightenment Yiddish speaking theatres were increasingly established a trend that became central in the cultural enterprise of the Jews in Israel This process involved a renewed use of Hebrew as a spoken language and the transition from a profound religious identity to a secular Jewish one characterised by a basic liberalism to the extent of openness to cultures traditionally perceived as archetypal enemies of Judaism This book sets out to analyse play scripts and performance texts produced in the Israeli theatre in order to illustrate these trends and concludes that only a liberal society can bring about the full realisation of theatre's potentialities

Performances of Ancient Jewish Letters Marvin Lloyd Miller, 2015-09-16 This ambitious and engaging book sets itself the task of combining a wide range of approaches to cast new light on the form and function of several ancient Jewish letters in a variety of languages The focus of *The Performance of Ancient Jewish Letters* is on applying a new emerging field of performance theory to texts and arguing that letters and other documents were not just read in silence as is normal today but were performed especially when they were addressed to a community A distinctive feature of this book consists of being one of the first to apply the approach of performance criticism to ancient Jewish letters Previous treatments of ancient letters have not given enough consideration to their oral context however this book prompts the reader to listen sympathetically with the audience The Performance focuses close attention on the ways in which the engagement of the audience during the performance of a text might be read from traces present in the text itself This book invites the audience to hear a fresh reading of a family letter from Hermopolis concerning ugly tunics and castor oil festival letters about issues surrounding the celebration of Passover Purim and Hanukkah a diaspora letter on how to live in a foreign land and also an official letter concerning the building of the Jerusalem temple These letters will help us understand a text from the Dead Sea Scrolls namely MMT Marvin L Miller argues for the centrality of performance in the life of Jews of the Second Temple period an area of study that has been traditionally neglected The Performance advances the fields of orality and epistolography and supplements other scholars' works in those fields

Inter-Art Journey Nurit Yaari, 2015-04-01 In recent years inter medial studies have attracted increasing attention in arts theory The notion of inter mediality presupposes that each established art such as theatre painting and cinema indicates the existence of a particular medium which preserves its distinct features in translations from art to art and especially in its combinations with others in single works Nonetheless this field of research is presupposed already in the traditional studies of ekphrasis which focus on the verbal accounts of nonverbal works of art and in Wagner's notion of Gesamtkunstwerk This renewed interest generated new fields of research such as a the likelihood of the arts reflecting common grounds b the necessity of a shared metalanguage c the possibility of inter medial translation and d the inter medial coexistence within a single work of art without hindering the reading interpreting and experiencing abilities of receivers In honor of Eli Rozik Ph D professor emeritus former head of the Department of Theatre Studies and Dean of the Faculty of Arts Tel Aviv University this collection provides overviews of all

these theoretical issues and tackles the contemporary practical questions that arise from attempts to transgress the boundaries between the established disciplines of arts studies Considering first the theoretical aspects of inter art inter mediality and nonverbal literacy Exploring the Common Grounds of the Arts goes on to discuss by means of performance analysis dialogues between the arts within a single work and correspondences between visual and auditory stimuli in musical contexts It concludes with a discussion of practical examples of inter mediality in religious representations official processions and public performances

The Practical Theatre Frank Shay,1926

Fictional Thinking Eli Rozik,2009 This book offers a theory of the archaic mode of fictional thinking and a methodology for the analysis of fictional worlds It presupposes the mutual independence of the description of a fictional world in any language or medium and the described fictional world Such a world is generated by an autonomous fictional structure which reflects the spontaneous expectations of the spectator and thematic specification A model of this structure is presented comprising seven layers personified mythical praxical naive ironic and aesthetic and overriding these layers the structure of the fictional experience on the level of relationship between the fictional world and spectator This experience depends on the spectator s ability to complement such a description with pertinent associations drawn from shared cultural resources and psychical mechanisms of response Explanations and examples are couched in poetic pragmatic aesthetic and rhetoric methodologies An Introduction surveys the major contributions made to a methodology of fictional analysis since Aristotle s Poetics problematizes them and suggests possible alternatives Part I is devoted to the inner structure of fictional worlds i e to the poetic rules that generate them The innovation of this approach lies in its multi layered nature Part II deals with the structure of the fictional experience which is metaphoric and rhetoric in nature Part III deals with the specific structures of fictional worlds that reflect the particular intentions and purposes of their authors Part IV contains analyses of actual fictional worlds that illustrate the application of the previously presented principles The focus throughout is on theatre fictional worlds which by their nature exhibit the most complex fictional thoughts that the human brain can generate The theoretical insights gained for theatre assumedly apply to descriptions of such worlds in any language or medium More than a hundred fictional worlds created during 2 500 years of theatre recorded history are analyzed The volume has been purposefully designed to address undergraduate and postgraduate student needs to provide a fundamental competence of theatre studies
