The Dystopian Impulse in Modern Literature M. Keith Booker, 1994-05-17 A detailed discussion of literary dystopias as social criticism in Zamyatin's We Huxley's Brave New World Orwell's 1984 and in contemporary works

Literature and Politics Today M. Keith Booker, 2015-03-10 Focusing on the intersection of literature and politics since the beginning of the 20th century this book examines authors historical figures major literary and political works national literatures and literary movements to reveal the intrinsic links between literature and history Literary works have often engaged political issues and many political writings give close attention to literary concerns This encyclopedia explores the complex relationship between literature and politics through detailed entries written by expert contributors on authors historical figures major literary and political works national literatures and literary movements covering specific themes concepts and genres related to literature and politics from the 20th century to the present The work covers cover authors that include Margaret Atwood James Baldwin Philip K Dick W E B Du Bois William Faulkner Ernest

Hemingway Jack London Toni Morrison George Orwell John Steinbeck and Virginia Woolf just to mention a few International in scope Literature and Politics Today The Political Nature of Modern Fiction Poetry and Drama covers writing ranging from the beginning of the 20th century to the present with special emphasis on works written in English The content of the some 150 alphabetically arranged entries is ideal for high school students working on assignments involving literature to explore such current yet historically ongoing social issues as censorship and propaganda This book is appropriate for public libraries where it will serve to support student research and to help general readers learn more about enduring political concerns through literary works Academic libraries will find this reference a valuable guide for undergraduates studying literature history political science law and other disciplines **Routledge Encyclopedia of Narrative Theory** David

Herman, Manfred Jahn, Marie-Laure Ryan, 2010-06-10 The past several decades have seen an explosion of interest in narrative with this multifaceted object of inquiry becoming a central concern in a wide range of disciplinary fields and research contexts As accounts of what happened to particular people in particular circumstances and with specific consequences stories have come to be viewed as a basic human strategy for coming to terms with time process and change However the very predominance of narrative as a focus of interest across multiple disciplines makes it imperative for scholars teachers and students to have access to a comprehensive reference resource *POWER PLAY OF POLITICS: READING DYSTOPIAS*

Dr. Pooja Dulta, 2025-11-01 Power Play of Politics Reading Dystopias examines how dystopian literature reflects the structures and anxieties of contemporary society Using the concept of biopolitical interpellation which combines Foucault's ideas on the control of bodies with Althusser's theory of ideological subject formation the book explores how power shapes identities desires and actions Through readings of The Handmaid's Tale and Brave New World it shows how both societies despite their differences control individuals through fear doctrine or engineered pleasure eroding personal autonomy Beyond literary critique the work highlights how these narratives reveal the subtle ways political and social forces shape everyday life Utopia: Social Theory and the Future Keith Tester, Michael Hviid Jacobsen, 2016-02-17 In the light of globalization's

failure provide the universal panacea expected by some of its more enthusiastic proponents and the current status of neo liberalism in Europe a search has begun for alternative visions of the future alternatives to the free market and to rampant capitalism Indeed although these alternatives may not be conceived of in terms of being a perfect order there does appear to be a trend towards utopian thinking as people including scholars and intellectuals search for inspiration and visions of better futures If as this search continues it transpires that politics has little to offer then what might social theory have to contribute to the imagination of these futures Does social theory matter at all What resources can it offer this project of rethinking the future Without being tied to any single political platform Utopia Social Theory and the Future explores some of these questions offering a timely and sustained attempt to make social theory relevant through explorations of its resources and possibilities for utopian imaginations It is often claimed that utopian thought has no legitimate place whatsoever in

sociological thinking yet utopianism has remained part and parcel of social theory for centuries As such in addition to considering the role of social theory in the imagination of alternative futures this volume reflects on how social theory may assist us in understanding and appreciating utopia or utopianism as a special topic of interest a special subject matter a special analytical focus or a special normative dimension of sociological thinking Bringing together the latest work from a leading team of social theorists this volume will be of interest to sociologists social and political theorists anthropologists and philosophers

Shakespeare, Our Personal Trainer Cristina Paravano, Margaret Rose, Roberta Situlin, 2018-07-27 This collection of essays is multidisciplinary and wide ranging The authors literary and theatre specialists scientists from various fields and a psychiatrist present Shakespeare's works from very different perspectives highlighting a new outlook on the current ways of tackling Shakespeare Teachers of English all over Europe will find this book an eclectic tool which allows them to present Shakespeare in a challengingly vibrant way To explore Shakespeare's plays the authors deploy a range of filters such as nutrition plant sciences geography art history costume design music comics and street art They show how the Bard can still be relevant to our lives in the 21st century

Reference Guide to Science Fiction, Fantasy and Horror Michael Burgess, Lisa R. Bartle, 2002-12-30 An annotated list of reference works in the fields of science fiction fantasy and horror fiction

Utopian Studies, 1995

Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford, 1998 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials No rigid definition of reference is applied In addition to the expected bibliographies indexes dictionaries encyclopaedias and directories a number of important textbooks and manuals of general practice are included While the majority of the items are books Walford is a guide to reference material Thus periodical articles microforms online and CD ROM sources are all represented In this volume a particular effort has been made to improve coverage of the latter two categories

A Handbook to Literature William Harmon, 2006 The definitive contemporary reference on literature and literary criticism in English this handbook provides an alphabetical listing of more than 2 000 important terms and facts in literature linguistics rhetoric criticism printing bookselling and information technology Covers a wide range of terms most centered in literature but extending into other areas such as film radio TV printing linguistics and literary theory music graphic arts classical studies and computing and information science terms For anyone interested in literature and literary criticism

Science-fiction Studies, 1995

The Modern American Novel of the Left M. Keith Booker, 1999-07-30 Unique in its scope of coverage this reference work provides students and scholars interested in researching modern American leftist and working class culture with a convenient starting place for examining American leftist and working class novels of the past century The book begins with a brief historical survey of the development of this cultural phenomenon It then offers brief descriptions of selected critical historical and theoretical works that are a useful background to the novels The bulk of the book comprises detailed alphabetically arranged discussions of

more than 170 modern American novels of the Left along with brief considerations of more than 240 other works The novels discussed in detail include a number of works by major American authors including John Dos Passos John Steinbeck Ernest Hemingway Theodore Dreiser and Upton Sinclair Also covered are works by a number of other writers in the rich but neglected tradition of American leftist literature These writers naturally include 1930s proletarian novelists such as Mike Gold Agnes Smedley Myra Page Josephine Herbst Tillie Olsen Meridel Le Sueur Jack Conroy and Thomas Bell But they also include figures ranging from early twentieth century socialists such as I K Friedman and Leroy Scott to African American novelists such as Richard Wright and Toni Morrison to Chicano writers such as Alejandro Morales and Americo Paredes

Film and the American Left M. Keith Booker, 1999-09-30 Summaries of selected films with leftist ideas and concerns

The American Humanities Index Stephen H. Goode, 1997 **The Modern British Novel of the Left** M. Keith

Booker, 1998-06-25 The use of the spatial metaphor of a left vs right opposition originated in the tendency of 19th century European legislatures to seat more radical members to the left of the presiding official For nearly five decades the left has come to be identified with totalitarianism and with Marxism and Communism the most successful leftist movements of the 20th century Many 20th century British novels reflect values antithetical to capitalism explore the plight of the working class and challenge the traditional socioeconomic and political views of the right The British novel of the left represents a long and rich cultural tradition that includes a large number of important works These novels are best understood as part of a cultural phenomenon that reacts against the mainstream tradition of British literature but also establishes and draws upon traditions of its own British leftist novels have been produced in a number of modes and subgenres including realism modernism historical novels detective novels and science fiction This reference book provides students and scholars interested in pursuing research into modern British leftist and working class culture with a convenient starting place that provides extensive coverage of British leftist and working class novels of the past century Through an introductory essay the volume provides a brief historical survey of the development of this important cultural phenomenon from the Chartist period of the early 19th century to recent working class novels by such contemporary authors as Pat Barker and James Kelman This survey is followed by an introductory discussion of Marxist literary theory which is used throughout the book to illuminate individual novels within a theoretical framework consistent with that of most of the novels themselves The second major part of the book is a guide to selected critical and historical works that presents brief descriptions of a variety of studies useful as background to any study of the British novel of the left The bulk of the book consists of discussions of more than 130 individual novels of the left in a variety of modes and subgenres This section includes late 19th century works by authors such as Margaret Harkness and George Bernard Shaw important early 20th century works such as Robert Tressell's *The Ragged Trousered Philanthropists* a wide variety of works from the 1930s when leftist cultural production was at its peak and post World War II novels by writers such as Alan Sillitoe and John Berger The book then ends with a discussion of a number

of postcolonial novels of the left that help to illuminate issues relevant to British leftist culture as well

Ray Bradbury's Fahrenheit 451, New Edition Harold Bloom, 2008 Presents a selection of critical essays on Ray Bradbury's Fahrenheit 451 and includes a chronology of Bradbury's life a bibliography and an introductory essay by Harold Bloom

Ulysses, Capitalism, and Colonialism M. Keith Booker, 2000-01-30 The work of James Joyce especially Ulysses can be fully understood only when the colonial and postcolonial context of Joyce's Ireland is taken into account Reading Joyce as a postcolonial writer produces valuable new insights into his work though comparisons of Joyce's work with that of African and Caribbean postcolonial writers provides reminders that Joyce regardless of his postcolonial status remains a fundamentally European writer whose perspective differs substantially from that of most other postcolonial writers In addition to exploring Joyce's writings in light of recent developments in postcolonial theory Booker employs a Marxist critical approach to assess the political implications of Joyce's work and examines the influence of Cold War anticommunism on previous readings of Joyce in the West Focusing on Karl Radek's criticisms of Joyce the volume begins with a detailed discussion of the rejection of Joyce's writings by many leftist critics It then examines those aspects of Ulysses that can be taken as a diagnosis and criticism of the social ills brought to Ireland by British capitalism The following chapters explore Joyce's language as part of his critique of capitalism the role of history in his works the failure of Joyce to represent the lower classes of colonial Dublin and the political implications of Joyce's writings

The Greenwood Encyclopedia of African American Literature: D-H Hans A. Ostrom, J. David Macey, 2005 Designed to meet the needs of high school students undergraduates and general readers this encyclopedia is the most comprehensive reference available on African American literature from its origins to the present Other works include many brief entries or offer extended biographical sketches of a limited selection of writers This encyclopedia surpasses existing references by offering full and current coverage of a vast range of authors and topics While most of the entries are on individual authors the encyclopedia gathers together information about the genres and geographical and cultural environments in which these writers have worked and the social political and aesthetic movements in which they have participated Thus the encyclopedia gives special attention to the historical and cultural forces that have shaped African American writing Publisher
