    <u>Early Medieval Architecture</u> R. A. Stalley,1999 Ranging from Gotland to Apulia Roger Stalley explores the richness and variety of European architecture in terms of the social and religious aspirations of the time with an emphasis on the symbolic significance these buildings expressed Written with style and humour the lively text includes many quotations from ancient sources providing fascinating insight into the way that medieval buildings were created and enlivening our knowledge of this period   *Oxford History of Art* Roger Stalley,1999   **Early Medieval Architecture** R. A. Stalley,1999   *Medieval Architecture* Nicola Coldstream,2002 Medieval architecture comprises much more than the traditional image of Gothic cathedrals and the castles of chivalry A great variety of buildings synagogues halls and barns testify to the diverse communities and interests in western Europe in the centuries between 1150 and 1550 This book looks at their architecture from an entirely fresh perspective shifting the emphasis away from such areas as France towards the creativity of other regions including central Europe and Spain Treating the subject thematically Coldstream seeks out what all buildings both religious and secular have in common and how they reflect the material and spiritual concerns of the people who built and used them Furthermore the author considers how and why after four centuries of shaping the landscapes and urban patterns of Europe medieval styles were superseded by classicism   *The Routledge Companion to Medieval Iconography* Colum Hourihane,2016-12-19 Sometimes enjoying considerable favor sometimes less iconography has been an essential element in medieval art historical studies since the beginning of the discipline Some of the greatest art historians including M le Warburg Panofsky Morey and Schapiro have devoted their lives to understanding and structuring what exactly the subject matter of a work of medieval art can tell Over the last thirty or so years scholarship has seen the meaning and methodologies of the term considerably broadened This companion provides a state of the art assessment of the influence of the foremost iconographers as well as the methodologies employed and themes that underpin the discipline The first section focuses on influential thinkers in the field while the second covers some of the best known methodologies the third and largest section looks at some of the major themes in medieval art Taken together the three sections include thirty eight chapters each of which deals with an individual topic An introduction historiographical evaluation and bibliography accompany the individual essays The authors are recognized experts in the field and each essay includes original analyses and or case studies which will hopefully open the field for future research   *Janson's Short History of Art* Horst Woldemar Janson,Penelope J. E. Davies,2009   **Buildings and Landmarks of Medieval Europe** James B. Tschen-Emmons,2016-11-14 Through the use of images diagrams and detailed descriptions this book enables readers to appreciate how the construction design and function of famous structures inform our understanding of societies of the past Buildings and Landmarks of Medieval Europe The Middle Ages Revealed makes use of significant buildings as representative structures to provide insight into specific cultures historical periods or topics of the Middle Ages The explanations of these buildings construction original intended use and

change over time and design elements allow readers to better comprehend what life in European societies of the past was like covering social political economic and intellectual perspectives Readers will be able to apply what they learn from the discussions of the structures to improve their understanding of the historical period as well as their skills of observation and assessment needed to analyze these landmark structures and draw meaningful conclusions about their context and significance The book s supporting features a chronology biographical appendix glossary and subject index help researchers in successfully completing their papers or projects **Medieval Art** Michael Byron Norris,Rebecca Arkenberg,2005 This educational resource packet covers more than 1200 years of medieval art from western Europe and Byzantium as represented by objects in the collection of The Metropolitan Museum of Art Among the contents of this resource are an overview of medieval art and the period a collection of aspects of medieval life including knighthood monasticism pilgrimage and pleasures and pastimes information on materials and techniques medieval artists used maps a timeline a bibliography and a selection of useful resources including a list of significant collections of medieval art in the U S and Canada and a guide to relevant Web sites Tote box includes a binder book containing background information lesson plans timeline glossary bibliography suggested additional resources and 35 slides as well as two posters and a 2 CD ROMs Twentieth Century Design Jonathan M. Woodham,1997-04-10 A look at the wider issues of design and industrial culture throughout Europe Scandinavia North America and the Far East The book explores the way in which 20th century designs such as the Coca Cola bottle have affected our culture more than those considered true classics A History of Western Architecture David Watkin,2005 Comprehensive overview of architecture as an evolving continuum Packed with images of the greatest triumphs of Western architecture Replaces ISBN 0 8230 2273 0 This highly acclaimed reference work traces the history of Western architecture from its earliest days in Mesopotamia and Egypt to the dramatic impact of computer aided design at the beginning of this century Looking at architectural history as a living continuum rather than a museum of neatly labeled styles the author emphasizes the vitality of the Classical language of architecture Twenty pages of text and twenty five new pictures have been added to bring this new edition of an authoritative classic completely up to date The Art of Art History Donald Preziosi,2009 This anthology is a guide to understanding art history through critical reading of the field s most innovative and influential texts focusing on the past two centuries Churches in Early Medieval Ireland Tomás Ó Carragáin,2010 This is the first book devoted to churches in Ireland dating from the arrival of Christianity in the fifth century to the early stages of the Romanesque around 1100 including those built to house treasures of the golden age of Irish art such as the Book of Kells and the Ardagh chalice Carrag in s comprehensive survey of the surviving examples forms the basis for a far reaching analysis of why these buildings looked as they did and what they meant in the context of early Irish society Carrag in also identifies a clear political and ideological context for the first Romanesque churches in Ireland and shows that to a considerable extent the Irish Romanesque represents the perpetuation of a long established architectural tradition
