Faces And Masks Memory Of Fire Trilogy:

Faces and Masks Eduardo Galeano, 2014-04-29 A book as fascinating as the history it relates Galeano is a satirist realist and historian Los Angeles Times For centuries Europe's imperial powers brutally exploited the peoples and resources of the New World While soldiers of fortune marched across continents in search of El Dorado white settlers established plantations and trading posts along the coasts altering the land and bringing disease and slavery with them In the midst of a bloody collision of civilizations the West has birthed new societies out of the old In the second book of his Memory of Fire trilogy Eduardo Galeano forges a new understanding of the Americas history retold from a diverse collection of viewpoints Spanning the end of empire and the age of revolutions Faces and Masks brilliantly collects the strands of the past into an iridescent work of literature *The Memory of Fire Trilogy* Eduardo Galeano, 2014-04-29 All three books in the American Book Award winning Memory of Fire Trilogy available in a single volume for the first time Eduardo Galeano's Memory of Fire Trilogy defies categorization or perhaps creates its own It is a passionate razor sharp lyrical history of North and South America from the birth of the continent's indigenous peoples through the end of the twentieth century The three volumes form a haunting and dizzying whole that resurrects the lives of Indians conquistadors slaves revolutionaries poets and more The first book Genesis pays homage to the many origin stories of the tribes of the Americas and paints a verdant portrait of life in the New World through the age of the conquistadors The second book Faces and Masks spans the two centuries between the years 1700 and 1900 in which colonial powers plundered their newfound territories ultimately giving way to a rising tide of dictators And in the final installment Century of the Wind Galeano brings his story into the twentieth century in which a fractured continent enters the modern age as popular revolts blaze from North to South This celebrated series is a landmark of contemporary Latin American writing and a brilliant document of culture **Faces and Masks** Eduardo Galeano, 1998

Faces and Masks: Memory of Fire, Volume 2 Eduardo Galeano, 2010-08-24 The second volume of Eduardo Galeano's Memory of Fire trilogy Faces and Masks is an astonishing Latin American eye view of the New World in the making Here is the tangled cataclysmic history of our hemisphere from the 1700s up to the dawn of our present century told through characters as resonant and compelling as Simon Bolívar Toussaint L'Ouverture and Billy the Kid With its brilliant and imaginative blend of journalism scholarship and political passion Faces and Masks is a panoramic interpretation of the Americas no work of history has previously imagined *Century of the Wind* Eduardo Galeano, 2014-04-29 Nothing less than a unified history of the Western Hemisphere The New Yorker From Guatemala to Rio de Janeiro La Paz to New York City Managua to Havana Century of the Wind ties together the events and people both large and small that define the Americas In hundreds of lyrical and vivid narratives the final installment of Galeano's indispensable trilogy sees the building of the Panama Canal the disenfranchisement of indigenous peoples living over Colombia's oil fields the creation of Superman and the heyday of Faulkner and coups and upheavals that cleaved an already fragmented continent Galeano's elegy moves year

by year through the century of Castro Picasso and Reagan blending the many voices and varying locales of North and South America and forming a history that is stunning in its scope and savage beauty *Light in Dark Times* Alisse

Waterston,2020-10-01 What will become of us in these trying times How will we pass the time that we have on earth In gorgeously rendered graphic form *Light in Dark Times* invites readers to consider these questions by exploring the political catastrophes and moral disasters of the past and present revealing issues that beg to be studied understood confronted and resisted A profound work of anthropology and art this book is for anyone yearning to understand the darkness and hoping to hold onto the light It is a powerful story of encounters with writers philosophers activists and anthropologists whose words are as meaningful today as they were during the times in which they were written This book is at once a lament over the darkness of our times an affirmation of the value of knowledge and introspection and a consideration of truth lies and the dangers of the trivial In a time when many of us struggle with the feeling that we cannot do enough to change the course of the future this book is a call to action asking us to envision and create an alternative world from the one in which we now live *Light in Dark Times* is beautiful to look at and to hold an exquisite work of art that is lively informative enlightening deeply moving and inspiring
