Fahrenheit 451 Ray Bradbury Ray Bradbury, 2020-03-08 *Fahrenheit 451* is a dystopian novel by American writer Ray Bradbury *Fahrenheit 451* is the temperature at which book paper spontaneously catches fire and burns It is a futuristic novel describing a time when the government has ordered that all books be burned This may seem to be ridiculous and could never be happening but it is starting to happen in real life now today Now we have a president who accuses everything in the press of being fake news He tells his followers who constitute a near majority never to believe the news media He has ordered the arrest and criminal prosecution of the leading law enforcement officers including the Director of the FBI and the Director of the Central Intelligence Agency He has accused most of his political opponents of corruption and crime Nobody knows what is the truth and what is false any more He says that decisions of the highest courts of the United States are almost all fake He openly attacks and criticizes the highest judges of the Supreme Court He says the truth is false and the false is true The result is we the people do not know who or what to believe All the great scientists have found that climate change is real and our time on this earth may be limited but he says climate change is a hoax and we should ignore the works of the scientists This is not the first time this has happened In China Chairman Mao declared his Cultural Revolution and the Great Leap Forwards China has the oldest civilization in the world going back to before Confucius in 551-479 BC Yet during the Cultural Revolution Chairman Mao ordered all the old books burned and destroyed and even ordered the people to destroy their old household furniture I found this out myself in 2011 when I toured China after the World Memory Championships in

Guangzhou China As a book publisher I wanted to reprint some old classical works I was shocked to discover that no books were available dated before 1949 and few after that Everything earlier than that had been destroyed I am still hoping that some older Chinese books have been preserved in Taiwan I consider a book dated 1949 to be a relatively new book I usually do not bother with such recent books The destruction of all books in China dated before 1949 is not reported on any website that I have found but I saw with my own eyes that all such books were gone
