Glass Valancourt 20th Century Classics:

Sea of Glass Dennis Parry, 2015-12-08 Old Mrs Ellison doesn't have much longer to live and her scheming son Cedric is counting the days until he inherits her fortune. But his plans are upset by the arrival of his niece Varvara, a beautiful and wild young woman from a remote Chinese region known as the Sea of Glass, a strange land where wars are fought with crossbows and highly damaging curses and where death may come at any moment in the form of a venomous barking spider. With the aid of a love-struck law student and a bibulous butler, Varvara aims to thwart the wiles of her evil uncle, but events take an unexpected and fatal turn in this unusual story which is by turns hilarious and macabre. An exquisite blend of comedy, murder, mystery, and surreal fantasy, Dennis Parry's masterpiece *Sea of Glass* (1955) was published to near universal acclaim and has counted Edward Gorey among its admirers, but sank into an undeserved obscurity following Parry's untimely death a month after publication. This edition features a new introduction by Simon Stern. Parry's novel of possession from beyond the grave *The Survivor* (1940) is also available from Valancourt. Amazingly original and brilliant. *Illustrated London News*: How well Mr Parry writes. *New Statesman*: Preposterous, often wonderfully funny. *The Guardian*: *The Year's Best Science Fiction: Thirty-Third Annual Collection* Gardner Dozois, 2016-07-05 In the new millennium, what secrets lay beyond the far reaches of the universe? What mysteries belie the truths we once held to be self-evident? The world of science fiction has long been a porthole into the realities of tomorrow, blurring the line between life and art. Now in *The Year's Best Science Fiction: Thirty-Third Annual Collection*, the very best SF authors explore ideas of a new world. This venerable collection brings together award-winning authors and masters of the field. With an extensive recommended reading guide and a summation of the year in science fiction, this annual compilation of short stories has become the definitive must-read anthology for all science fiction fans and readers interested in breaking into the genre.

[The Smallpox Report](#) Fuson Wang, 2023-03-30 After the COVID-19 pandemic, vaccination has become synonymous with an opaque biopower that legislates compulsory immunization at a distance. Contemporary illness narratives have become outlets for distrust, misinformation, reckless denialism, and selfish noncompliance. In *The Smallpox Report*, Fuson Wang rewinds this contemporary impasse between physician and patient back to the Romantic era origins of vaccination. The book offers a literary historical account of smallpox vaccination, contending that the disease's eventual eradication in 1980 was as much a triumph of the literary imagination as it was an achievement of medical Enlightenment science. Wang traces our modern pandemic era crisis of vaccine hesitancy back to Edward Jenner's publication of his treatise on vaccination in 1798, the first rumblings of an anti-vaccination movement, and vaccination's formative literary history that included authors such as William Wordsworth, William Blake, John Keats, Mary Shelley, and Arthur Conan Doyle. The book concludes with a re-examination of the current, deeply contentious public discourse about vaccines that has arisen in the wake of the COVID-19 pandemic. By recovering the surprisingly literary genres of Romantic era medical writing, *The Smallpox Report* models a new literary historical perspective on our own crises of vaccine refusal.

The Irish Vampire Sharon M. Gallagher, 2017-04-11 The origins of the vampire can be traced through oral traditions ancient texts and archaeological discoveries its nature varying from one culture to the next up until the 20th century Three 19th century Irish writers Charles Robert Maturin Joseph Sheridan Le Fanu and Bram Stoker used the obscure vampire of folklore in their fiction and developed a universally recognizable figure culminating in Stoker's *Dracula* and the vampire of today's popular culture Maturin Le Fanu and Stoker did not set out to transform the vampire of regional folk tales into a global phenomenon Their personal lives national concerns and extensive reading were reflected in their writing striking a chord with readers and recasting the vampire as distinctly Irish This study traces the genealogy of the modern literary vampire from European mythology through the Irish literature of the 1800s
