Global Justice And Desire Queering Economy Social Justice:

Global Justice and Desire Nikita Dhawan,Antke Engel,Christoph H.E. Holzhey,Volker Woltersdorff,2015-05-15 Employing feminist queer and postcolonial perspectives Global Justice and Desire addresses economy as a key ingredient in the dynamic interplay between modes of subjectivity signification and governance Bringing together a range of international contributors the book proposes that both analyzing justice through the lens of desire and considering desire through the lens of justice are vital for exploring economic processes A variety of approaches for capturing the complex and dynamic interplay of justice and desire in socioeconomic processes are taken up But acknowledging a complexity of forces and relations of power domination and violence sometimes cohering and sometimes contradictory it is the relationship between hierarchical gender arrangements relations of exploitation and their colonial histories that is stressed Therefore queer feminist and postcolonial perspectives intersect as Global Justice and Desire explores their capacity to contribute to more just and more desirable economies

Teaching for Diversity and Social Justice Maurianne Adams, Lee Anne Bell, Diane J. Goodman, Davey Shlasko, Rachel R. Briggs, Romina Pacheco, 2022-08-17 For over 30 years Teaching for Diversity and Social Justice has been the definitive sourcebook of theoretical foundations pedagogical and design frameworks and curricular models for social justice teaching practice Thoroughly revised and updated this fourth edition continues in the tradition of its predecessors to cover the most relevant issues and controversies in social justice education SJE in a practical hands on format Filled with ready to apply activities and discussion questions this book provides teachers and facilitators with an accessible pedagogical approach to issues of oppression in classrooms The revised edition also focuses on providing students and participants with the tools needed to apply their learning about these issues This fourth edition includes new and revised material for each of the core chapters in the book complemented by fully developed online teaching designs including over 150 downloadables activities and handouts on the book's companion website A classic for educators across disciplines and contexts Teaching for Diversity and Social Justice presents a thoughtful well constructed and inclusive foundation for engaging people in the complex and often daunting problems of discrimination and inequality in American society

The Oxford Handbook of Postcolonial Biblical Criticism R. S. Sugirtharajah, 2023 The Oxford Handbook of Postcolonial Biblical Criticism is a comprehensive treatment of a relatively new form of scholarship Generally speaking postcolonialism aims to critique and dismantle hegemonic worldviews and power structures while giving voice to previously marginalized peoples and systems of thought This approach has inevitably engaged with the text and reception of the Bible a scripture that Western colonizers introduced to and often imposed upon their colonial subjects With a globally diverse list of contributors the Handbook aims to cover the perspective and context of the authors of the Bible as well as the modern experiences of imperialism resistance decolonization and nationalism

ReValuing Care in Theory, Law and Policy Rosie Harding, Ruth Fletcher, Chris Beasley, 2016-11-10 Care is central to life and yet is all too often undervalued taken for granted and hidden from view This

collection of fourteen substantive and highly innovative essays along with its insightful introduction seeks to explore the different dimensions of care that shape social legal and political contexts It addresses these dimensions in four key ways First the contributions expand contemporary theoretical understandings of the value of care by reflecting upon established conceptual approaches such as the ethics of care and developing new ways of using and understanding this concept Second the chapters draw on a wide range of methods from doctrinal scholarship through ethnographic empirical and biographical research methodologies Third the book enlarges the usual subjects of care research by expanding its analysis beyond the more typical focus on familial interconnection to include professional care contexts care by strangers and care for and about animals Finally the collection draws on contributions from academics working in Europe and Australia across law anthropology gender studies politics psychology and sociology By highlighting the points of connection and tension between these diverse international and disciplinary perspectives this book outlines a new and nuanced approach to care exploring contemporary understandings of care across law the social sciences and humanities Power, Politics and the Emotions

Shona Hunter, 2015-06-05 How can we rethink ideas of policy failure to consider its paradoxes and contradictions as a starting point for more hopeful democratic encounters Offering a provocative and innovative theorisation of governance as relational politics the central argument of Power Politics and the Emotions is that there are sets of affective dynamics which complicate the already materially and symbolically contested terrain of policy making This relational politics is Shona Hunter's starting point for a more hopeful but realistic understanding of the limits and possibilities enacted through contemporary governing processes Through this idea Hunter prioritises the everyday lived enactments of policy as a means to understand the state as a more differentiated and changeable entity than is often allowed for in current critiques of neoliberalism But Hunter reminds us that focusing on lived realities demands a melancholic confrontation with pain and the risks of social and physical death and violence lived through the contemporary neoliberal state This is a state characterised by the ascendancy of neoliberal whiteness a state where no one is innocent and we are all responsible for the multiple intersecting exclusionary practices creating its unequal social orderings The only way to struggle through the central paradox of governance to produce something different is to accept this troubling interdependence between resistance and reproduction and between hope and loss Analysing the everyday processes of this relational politics through original empirical studies in health social care and education the book develops an innovative interdisciplinary theoretical synthesis which engages with and extends work in political science cultural theory critical race and feminist analysis critical psychoanalysis and post material sociology

After Legal Equality Robert Leckey, 2014-07-11 Groups seeking legal equality often take a victory as the end of the line Once judgment is granted or a law is passed coalitions disband and life goes on in a new state of equality Policy makers too may assume that a troublesome file is now closed This collection arises from the urgent sense that law reforms driven by equality call for fresh lines of inquiry In unintended ways reforms may harm their intended beneficiaries They may also

worsen the disadvantage of other groups Committed to tackling these important issues beyond the boundaries that often confine legal scholarship this book pursues an interdisciplinary consideration of efforts to advance equality as it explores the developments challenges and consequences that arise from law reforms aiming to deliver equality in the areas of sexuality kinship and family relations With an international array of contributors After Legal Equality Family Sex Kinship will be an invaluable resource for those with interests in this area

Capitalism's Sexual History Nicola Jo-Anne Smith,2020 As ongoing controversies over commercial sex attest the relationship between capitalism and sexuality is deeply contentious Economic and sexual practices are assumed to be not only separable but antithetical hence why paid sex is so often criminalized and morally condemned Yet while sexuality is highly politicized in moral terms it has largely been overlooked in the discipline devoted to the study of global capitalism international political economy IPE Likewise the prevailing field in sexuality studies queer theory has frequently sidelined questions of political economy This book calls for critical scholarship to challenge the economy sexuality dichotomy as it not only structures disciplinary debates but is part and parcel of capitalism itself Capitalism s Sexual History brings IPE and queer theory into close dialogue to explore how the division between economy and sexuality has been historically produced to appear both natural and moral By examining sex work in Britain Nicola J Smith draws on in depth archival research to chart a history of capitalism s sexual relations from medieval times to the present day She shows how capitalist development was made possible by the appropriation of unpaid sexual labor that relied in turn on the repression and production of paid sex By tracing the historical construction of boundaries around sex and work this book exposes how capitalism has long profited from the notion that the sexual and economic spheres can and must be kept apart In so doing it offers a distinctive contribution to the study of sex and work as well as to wider scholarly activist and policy debates about political economy reproductive labor gender equality and sexual justice

Unsettling Queer Anthropology Margot Weiss,2024-04-12 This field defining volume of queer anthropology foregrounds both the brilliance of anthropological approaches to queer and trans life and the ways queer critique can reorient and transform anthropology

The Material Queer Donald Morton,1996-06-20 The Material Queer is an innovative anthology that offers a materialist understanding of marginal sexualities by accounting for the full range of classic and contemporary views It breaks with the classic tradition in lesbian and gay studies and also with ludic post modern theory by insisting on the embeddedness of gender and sexuality in the social division of labor
