The British National Bibliography Arthur James Wells, 2009 **Sunset in the Land of the Rising Sun** J. Stewart Black, Allen J. Morrison, 2010-05-07 Even casual observers will be familiar with the Cherry Blossom or Sakura trees of Japan. When in full bloom the sight is spectacular. This amazing visual is preceded by several weeks of behind-the-scenes development as the buds grow. Sadly, from the time of full bloom until the blossoms have scattered only takes a week or less. In the longer cycle of nations and business the authors unfortunately see a similar transitory pattern for Japanese multinational corporations. MNCs Japanese companies seemed to be in full bloom in the mid 90s but now show serious signs of losing their standing in the landscape of global players. The authors explain how and why this is happening but perhaps more importantly examine what can be done to improve the situation in the future **Multilatinas** Veneta

Andonova, Mauricio Losada-Otálora, 2017-11-27 The challenges faced by Latin American multinational companies or multilatinas often require unique strategies tailored to a demanding global environment. This book studies the strategies of internationalism exercised by large multilatinas, offering the first systematic quantitative effort to examine the pattern of their international investments within the context of their competitive position in the domestic market. Multilatinas uncovers common strategies among sixty-two multilatinas from six countries and emphasizes the unique challenges they face as well as the diversity of their organizational resources. It also brings the institutional environment of Latin American countries to the fore, assessing its role as an essential component in understanding internationalization decisions. Finally, the book studies the role of non-market organizational resources such as bribes, negotiations and favours in business strategies. Multilatinas is an invaluable read for students, scholars, practitioners and executives studying Latin America's place in international business.
