Global Justice Movement Cross National And Transnational Perspectives:

Global Justice Movement Donatella Della Porta, Massimiliano Andretta, Angel Calle, Helene Combes, Nina Eggert, Marco G. Giugni, Jennifer Hadden, Manuel Jimenez, Raffaele Marchetti, 2015-11-17 Della Porta has assembled a distinguished group of scholars who have made great strides in illuminating the early phases of the movement. The book includes especially keen analyses of the movement against global capitalism particularly in its European manifestations. John D. McCarthy, Pennsylvania State University. Della Porta has skillfully coordinated a comparative study in six European countries and the US. Renowned scholars give testimony of the movement in their countries. This is the first attempt to document a genuine transnational movement. Bert Klandermans, Vrije Universiteit Amsterdam. You G 8 we 6 billion. So went the chant at the international parade leading into the summit in Genoa, Italy. The global justice movement has led to a new wave of protest building up transnational networks inventing new strategies of action constructing new images of democracy and boldly asserting that another world is possible. This book examines all this and more with case studies drawn from seven different countries covering transnational networks and making cross national comparisons. Leading European and American scholars analyze more than 300 organizations and 5 000 activists looking at mobilizations that bridge old and new movements and bring politics back to the street. Contributors include Massimiliano Andretta, Angel Calle, Helene Combes, Donatella della Porta, Nina Eggert, Marco Giugni, Jennifer Hadden, Manuel Jimenez, Raffaele Marchetti, Lorenzo Mosca, Mario Pianta, Herbert Reiter, Christopher Rootes, Dieter Rucht, Clare Saunders, Isabelle Sommer, Sidney Tarrow, Simon Teune, Mundo Yang.

Making Feminist Sense of the Global Justice Movement Catherine Eschle, Bice Maiguashca, 2010-01-16 In recent years the global justice movement has grabbed headlines and reshaped political imaginations worldwide. Surprisingly however feminism is largely absent from accounts of the movement despite the fact that feminists are extensively involved on the ground. Addressing this significant gap in the literature Eschle and Maiguashca shine a powerful light on what they term feminist antiglobalization activism. Drawing on their fieldwork at the World Social Forum and European Social Forum 2003 2005 they begin by outlining the vital role of feminist antiglobalization activism in Forum processes and events while also emphasizing its diversity. The authors then trace the origins of this activism the critiques and aspirations of those involved their political practices beyond the Forum and their efforts to forge a sense of solidarity among themselves and with others. Taking feminism seriously Eschle and Maiguashca conclude points us toward a richer and more theoretically nuanced understanding of the global justice movement and its struggle to create other possible worlds. Their book thus offers vital insights not only for feminists but also for all those interested in contemporary social movements and in global governance and resistance. *The SAGE Handbook of European Studies* Chris Rumford, 2009-07-01 This volume brings together some of the biggest names in European Studies to analyse the most important trajectories of Europe's development and the challenges faced by the continent today.
