The Trilateral Commission and Global Governance Dino Knudsen, 2016-05-12 This book provides the first analysis of the Trilateral Commission and its role in global governance and contemporary diplomacy In 1973 David Rockefeller and Zbigniew Brzezinski founded the Trilateral Commission Involving highly influential people from business and politics in the US Western Europe and Japan the Commission was soon perceived as constituting an embryonic or even shadow world government As the first researcher to have accessed the Commission's archives the author argues that this study demonstrates that global governance and international diplomacy should be considered a product of overlapping elite networks that merge informal and formal spheres across national borders This work has three immediate aims to trace the background origins purposes characteristics and modus operandi of the

Commission to investigate the elite aspect of the Commission and how this related to democracy and to demonstrate how the Commission contributed to diplomatic practices and policy formulation at national and international levels The overall purpose of this book is to evaluate the significance of the Trilateral Commission with particular focus on the implications of its activities on the way we understand decision making processes and diplomacy in modern democratic societies This book will be of much interest to students of the Cold War US foreign policy diplomacy studies and IR in general **Early Modern**

Diplomacy and French Festival Culture in a European Context, 1572-1615 Bram van Leuven, 2023-08-14 This book is the first to explore the rich festival culture of late sixteenth and early seventeenth century France as a tool for diplomacy Bram van Leuven examines how the late Valois and early Bourbon rulers of the kingdom made conscious use of festivals to advance their diplomatic interests in a war torn Europe and how diplomatic stakeholders from across the continent participated in and responded to the theatrical and ceremonial events that featured at these festivals Analysing a large body of multilingual eyewitness and commemorative accounts as well as visual and material objects Van Leuven argues that French festival culture operated as a contested site where the diplomatic concerns of stakeholders from various national religious and social backgrounds fought for recognition *Misunderstanding the Internet* James Curran, Natalie Fenton, Des Freedman, 2016-02-05

The growth of the internet has been spectacular There are now more than 3 billion internet users across the globe some 40 per cent of the world's population The internet's meteoric rise is a phenomenon of enormous significance for the economic political and social life of contemporary societies However much popular and academic writing about the internet continues to take a celebratory view assuming that the internet's potential will be realised in essentially positive and transformative ways This was especially true in the euphoric moment of the mid 1990s when many commentators wrote about the internet with awe and wonderment While this moment may be over its underlying technocentrism the belief that technology determines outcomes lingers on and with it a failure to understand the internet in its social economic and political contexts *Misunderstanding the Internet* is a short introduction encompassing the history sociology politics and economics of the internet and its impact on society This expanded and updated second edition is a polemical sociologically and historically informed guide to the key claims that have been made about the online world It aims to challenge both popular myths and existing academic orthodoxies that surround the internet **Yearbook of**
