Glamour A History Stephen Gundle:

Glamour Stephen Gundle, 2008 Glamour is one of the most tantalizing and bewitching aspects of contemporary culture but also one of the most elusive The aura of celebrity the style of the fashion world the vanity of the rich and beautiful and the publicity driven rites of café society are all imbued with its irresistible magnetism But what exactly is glamour Where does it come from How old is it And can anyone quite capture its magic Stephen Gundle answers all these questions and more in this first ever history of the phenomenon from Paris in the tumultuous final decades of the eighteenth century through to Hollywood New York and Monte Carlo in the twentieth and twenty first centuries from Napoleon to Marlene Dietrich and Marilyn Monroe from Beau Brummell to Gianni Versace Throughout the book captures the excitement and sex appeal of glamour while exposing its mechanisms and exploring its sleazy and sometimes tragic underside As Gundle shows while glamour is exciting and magnetic its promise is ultimately an illusion that can only ever be partially fulfilled **A Cultural**

History of Hair in the Modern Age Geraldine Biddle-Perry, 2020-12-10 Over the last century there has been a revolution in self presentation and social attitudes towards hair Developments in mass manufacturing advances in chemical science and new understandings of bodies and minds have been embraced by new kinds of hairdressers and their clientele and embodied in styles that reflect shifting ideals of what it is to be and to look modern The emergence of the ladies hairdressing salon the rise of the celebrity stylist the impact of Hollywood an expanding mass media and a new synergy between fashions in clothing and hairstyles have rippled out globally Fashions in hair styles and their representation have taken on new meanings as a way of resisting dominant social structures experimenting with social taboos and expressing a modern sense of self From the 1920s bob to the punk cut hair has continued to be deeply involved in society's larger issues Drawing on a wealth of visual textual and object sources and illustrated with 75 images **A Cultural History of Hair in the Modern Age** presents essays that explore how politics science religion fashion beauty the visual arts and popular culture have reshaped modern hair and its significance as an agent of social change **Glamour**, 1993 **Heroines in History** Katie Pickles, 2022-07-21

Heroines in History A Thousand Faces moves beyond stories of individual heroines taking a thematic synthesising and global in scope approach to challenge previous understandings of heroines in history Responding to Joseph Campbell's Hero with a Thousand Faces Katie Pickles explores the idea of a transcultural heroine archetype that recurs through time Each chapter addresses an archetypal theme important for heroines in history The volume offers a new consideration of the often awkward position of women in history and embeds heroines in the context of their times as well as interpreting and analysing how their stories are told re told and represented at different moments To do so it recovers and compares some women now forgotten along with well known recent heroines and brings together a diversity of women from around the world Pickles looks at the interplay of gender race heredity status class and politics in different ways and chronicles the emergence of heroines as historical subjects valued for their substance and achievements rather than as objects valued for their image and

celebrity In an accessible and original way the book builds upon developments in women's and gender history and is essential reading for anyone interested in this field *Luxury* Peter McNeil, Giorgio Riello, 2016-05-19 We live in a world obsessed by luxury Long distance airlines compete to offer first class sleeping experiences and hotels recommend exclusive suites where you are never disturbed Luxury is a rapidly changing global industry that makes the headlines daily in our newspapers and on the internet More than ever luxury is a pervasive presence in the cultural and economic life of the West and increasingly too in the emerging super economies of Asia and Latin America Yet luxury is hardly a new phenomenon Today's obsession with luxury brands and services is just one of the many manifestations that luxury has assumed In the middle ages and the Renaissance for example luxury was linked to notions of magnificence and courtly splendour In the eighteenth century luxury was at the centre of philosophical debates over its role in shaping people's desires and oiling the wheels of commerce And it continues to morph today with the growth of the global super rich and increasing wealth polarization From palaces to penthouses from couture fashion to lavish jewellery from handbags to red wine from fast cars to easy money Peter McNeil and Giorgio Riello present the first ever global history of luxury from the Romans to the twenty first century a sparkling and ever changing story of extravagance excess novelty and indulgence *The Glamour System* S. Gundle, C. Castelli, 2006-04-18 In the twentieth century glamour has often been associated with the cinema and its stars though fashion high society popular music shopping glossy magazines and advertising have all sought to harness its allure The authors explore the origins and uses of the aura of glamour and trace its history and power as a language of visual seduction **American Glamour and the Evolution of Modern Architecture** Alice T. Friedman, 2010 Alice Friedman argues that the aesthetics of mid 20th century modern architecture reflect an increasing fascination with glamour a term used in those years to characterise objects people experiences as luxurious expressive even magical **Sophistication** Faye Hammill, 2010 In an era obsessed with celebrity and glamour sophistication ranks among the most desirable of human qualities but it was not always so The word sophistication was once a negative term meaning falsification speciousness perversion or adulteration Now it positively glitters carrying meanings of worldliness and refinement Through a series of close readings of some of the essential texts of sophistication Faye Hammill explores the developments in taste and ideology that account for this striking change At the same time *Sophistication* demonstrates that traces of older meanings linger that hints of sophistry persist in even our most modern conceptions of the sophisticated Spanning more than two centuries of sophistication this lively account features rereadings of canonical writers from the eighteenth century to the present including Richard Brinsley Sheridan Fanny Burney Austen James Wharton Fitzgerald Nabokov and Clyde Lampedusa A complementary examination of lesser known writers reveals that the development of modern sophistication is intimately connected with the evolution of middlebrow culture From there Hammill moves on to consider sophistication as expressed in contemporary magazines films and Web sites Drawing on words and images from such diverse sources as Noël Coward Vanity

Fair Sofia Coppola and the New Yorker Sophistication ultimately demonstrates that a preoccupation with or a performance of sophistication links unexpected works disrupting the boundary between seriousness and frivolity **Program of the ...**

Femininity in Flight Kathleen Barry, 2007-02-28 Femininity in Flight considers flight attendants as cultural icons looking at how attendants redeployed the glamourization used to sell air travel to campaign for professional respect higher wages and women s rights *Mass Culture and Italian Society from Fascism to the Cold War* David Forgacs, Stephen Gundle, 2007 From the 1930s to the 50s in Italy commercial cultural products were transformed by new reproductive technologies and ways of marketing and distribution and the appetite for radio films music and magazines boomed This book uses new evidence to explore possible continuities between the uses of mass culture before and after World War II *Film History* ,2006 2009 ,2010-06-15 Reviews are an important aspect of scholarly discussion because they help filter out which works are relevant in the yearly flood of publications and are thus influential in determining how a work is received The IBR published again since 1971 as an interdisciplinary international bibliography of reviews it is a unique source of bibliographical information The database contains entries on over 1 2 million book reviews of literature dealing primarily with the humanities and social sciences published in 6 820 mainly European scholarly journals Reviews of more than 560 000 scholarly works are listed The database increases every year by 60 000 entries Every entry contains the following information On the work reviewed author title On the review reviewer periodical year edition page ISSN language subject area in German English Italian Publisher address of journal **Death and the Dolce Vita** Stephen Gundle, 2011 The murder of Wilma Montesi exposed a darker side of Roman life a life of corruption cover ups and carnal pleasures In *Death and the Dolce Vita* the distinguished cultural historian Stephen Gundle uses the gripping and tragic story of Wilma Montesi to explore the fascinating contradictions of this most complex country Mussolini's Dream Factory Stephen Gundle, 2013-12-01 The intersection between film stardom and politics is an understudied phenomenon of Fascist Italy despite the fact that the Mussolini regime deemed stardom important enough to warrant sustained attention and interference

Focused on the period from the start of sound cinema to the final end of Fascism in 1945 this book examines the development of an Italian star system and evaluates its place in film production and distribution The performances and careers of several major stars including Isa Miranda Vittorio De Sica Amedeo Nazzari and Alida Valli are closely analyzed in terms of their relationships to the political sphere and broader commercial culture with consideration of their fates in the aftermath of Fascism A final chapter explores the place of the stars in popular memory and representations of the Fascist film world in postwar cinema
