## **Glenesk The History And Culture Of An Angus Community:**

*Glenesk* Margaret Fairweather Michie, 2025-03-27 Glenesk is one of the most beautiful of the Angus glens Though surrounded by high peaks in its upper reaches and seemingly remote it is no isolated backwater A network of hill paths through the Mounth links Glenesk to Deeside and neighbouring Angus glens while its lower end opens out to the low country of the east This is one reason why the Glen is so rich in the relics of life and work of the people who have lived there and who have passed through it from early times onwards This is the story of an upland rural community told from the perspectives of the people themselves and covers almost every aspect of glen life From the distant past to modern day the book looks at people's changing relationships with the landscape the buildings they lived worked and worshipped in and the tools they used Official documents record the effects of the famine and wars of the 17th century and the deprivations suffered either at the hands of marauding Highland caterans or the renegade offspring of their landlords The text is complemented by many original period photographs which portray the everyday life of the Glen

*An Introduction To Scottish Ethnology* Alexander Fenton, Margaret A. Mackay, 2013-08-06 The publication of *An Introduction to Scottish Ethnology* sees the completion of the fourteen volume Scottish Life and Society series originally conceived by the eminent ethnologist Professor Alexander Fenton The series explores the many elements in Scottish history language and culture which have shaped the identity of Scotland and Scots at local regional and national level placing these in an international context Each of the thirteen volumes already published focuses on a particular theme or institution within Scottish society This introduction provides an overview of the discipline of ethnology as it has developed in Scotland and more widely the sources and methods for its study and practical guidance on the means by which it can be examined within its constituent genres based on the experience of those currently working with ethnological materials Theory and practice are presented in an accessible fashion making it an ideal companion for the student the scholar and the interested amateur alike

**The Archaeology of the Colonized** Michael Given, 2004 This book investigates the experience of the colonized in their landscape setting and proposes an archaeology of taxation to investigate the relationship between local community and central control

*Debating the Highland Clearances* Eric Richards, 2007-07-12 Storm clouds always gather over the story of the Highland Clearances The eviction of the Highlanders from the glens and straths of the Highlands and Islands of the north of Scotland still causes great historical dispute more than a century after the events The Highland Clearances also generated a great deal of contemporary controversy and documentation The record comes in diverse forms and with radically different provenances offering excellent material for exercises in historical analysis and selection *Debating the Highland Clearances* introduces the Highland Clearances as a classic historical problem Eric Richards reviews the historical debate and examines the methods and sources employed by the combatants past and present The debates among historians novelists politicians and economists are no less passionate today and raise major questions about interpretation and the appropriate frame of reference for the noisy and continuing

*Arbroath* G. W. S. Barrow,2003 The Declaration of Arbroath took the form of a letter or petition sent from the Scottish nobles  
to Pope John XXII dated April 6th 1320 In it the nobles argued for their claim to independence and sovereignty under Robert  
the Bruce promising obedience and allegiance and requesting to be left alone by the English This famous document was not  
only significant in medieval times but it is said to have been the model for the American Declaration of Independence  
bringing its importance and relevance up to the present day These seven essays are taken from a conference held in  
Arbroath in 3000 with contributors discussing the Declaration from historical ideological architectural and environmental  
perspectives The book opens with an English translation of the original Latin version of the Declaration      *Museums &*
