*The Quest for Global Dominance* Anil K. Gupta, Vijay Govindarajan, Haiyan Wang, 2015-01-12 Anil K Gupta Vijay Govindarajan and Haiyan Wang are among the most distinguished experts in the field of globalization In *The Quest for Global Dominance* they present the lessons from their twenty year study of over two hundred corporations They argue that in order for a company to create and maintain its position as a globally dominant player executives must ensure that their company leads its industry in the following four essential tasks Identifying market opportunities worldwide and pursuing them by establishing the necessary presence in all key markets Converting global presence into global competitive advantage by identifying and developing the opportunities for value creation that global presence offers Cultivating a global mindset by viewing cultural and geographic diversity as an opportunity not just a challenge Leveraging the rise of emerging markets especially China and India to transform the company's growth prospects global cost structure and pace of innovation

**Achieving Competitive Advantage Through Managing Global Resources** Global Business and Technology Association. International Conference, Nejdett Delener, 2007 *The Competitive Advantage of Nations* Michael E. Porter, 1990 The need for a new paradigm Foundations The competitive advantage of firms in global industries Determinants of national competitive advantage Industries Nations Implications **Global Competitive Strategy** Daniel F. Spulber, 2011-07-14 Globalization has fundamentally changed the game of business Strategic frameworks developed for the analysis of purely domestic business necessarily fall short in the international business context Managers and business students require alternative approaches to understand and cope with these far reaching changes We must learn to think globally in order to succeed Global Competitive Strategy shows how we can do this by providing a unique set of strategic tools for international business Such tools include the star analysis that allows strategy makers to integrate geographic information with market information about the global business environment Also introduced is the global value connection that shows managers how to account for the gains from trade and the costs of trade Aimed at MBA students taking courses in international strategy consultants and practising managers with responsibility for strategic development this 2007 book offers a comprehensive strategic framework for gaining competitive advantage in the global marketplace
