Economic and Social History of the World War:

Leland, W.G. Introduction to the American official sources for the economic and social history of the world war.

1926 Carnegie Endowment for International Peace. Division of Economics and History,1926 *Indiana World War Records*,1922 *New York and the First World War* Ross J. Wilson,2016-05-06 The First World War constitutes a point in the history of New York when its character and identity were challenged recast and reinforced Due to its pre eminent position as a financial and trading centre its role in the conflict was realised far sooner than elsewhere in the United States This book uses city state and federal archives newspaper reports publications leaflets and the well established ethnic press in the city at the turn of the century to explore how the city and its citizens responded to their role in the First World War from the outbreak in August 1914 through the official entry of the United States in to the war in 1917 and after the cessation of hostilities in the memorials and monuments to the conflict The war and its aftermath forever altered politics economics and social identities within the city but its import is largely obscured in the history of the twentieth century This book therefore fills an important gap in the histories of New York and the First World War **The United States in World War I** James T.

Controvich,2023-05-08 With the centennial of the First World War rapidly approaching historian and bibliographer James T Controvich offers in *The United States in World War I A Bibliographic Guide* the most comprehensive up to date reference bibliography yet published Organized by subject this bibliography includes the full range of sources vintage publications of the time books pamphlets periodical titles theses dissertations and archival sources held by federal and state organizations as well as those in public and private hands including historical societies and museums As Controvich s bibliographic accounting makes clear there were many facets of World War I that remain virtually unknown to this day Throughout Controvich s bibliography tracks the primary sources that tell each of these stories and many others besides during this tense period in American history Each entry lists the author title place of publication publisher date of publication and page count as well as descriptive information concerning illustrations plates ports maps diagrams and plans The armed forces section carries additional information on rosters awards citations and killed and wounded in action lists *The United States in World War I A Bibliographic Guide* is an ideal research tool for students and scholars of World War I and American history Army History ,2018 **Indiana Historical Collections** ,1922 *American Capitalism* Sven Beckert,Christine Desan,2018-02-06

The United States has long epitomized capitalism From its enterprising shopkeepers wildcat banks violent slave plantations huge industrial working class and raucous commodities trade to its world spanning multinationals its massive factories and the centripetal power of New York in the world of finance America has come to symbolize capitalism for two centuries and more But an understanding of the history of American capitalism is as elusive as it is urgent What does it mean to make capitalism a subject of historical inquiry What is its potential across multiple disciplines alongside different methodologies

and in a range of geographic and chronological settings And how does a focus on capitalism change our understanding of American history American Capitalism presents a sampling of cutting edge research from prominent scholars These broad minded and rigorous essays venture new angles on finance debt and credit women s rights slavery and political economy the racialization of capitalism labor beyond industrial wage workers and the production of knowledge including the idea of the economy among other topics Together the essays suggest emerging themes in the field a fascination with capitalism as it is made by political authority how it is claimed and contested by participants how it spreads across the globe and how it can be reconceptualized without being universalized A major statement for a wide open field this book demonstrates the breadth and scope of the work that the history of capitalism can provoke The United States Catalog ,1921 *The American Heritage New Illustrated History of the United States: World War I and the twenties* Robert G. Athearn,1963 A sixteen volume history illustrated with contemporary materials and photographs v 1 The New World v 2 Colonial America v 3 The Revolution v 4 A New Nation v 5 Young America v 6 The Frontier v 7 War with Mexico v 8 The Civil War v 9 Winning the West v 10 Age of Steel v 11 The Glided Age v 12 A World Power v 13 World War I and the Twenties v 14 The Roosevelt Era v 15 World War II v 16 America Today *Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World* Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,1918

The Encyclopædia Britannica James Louis Garvin,1926 The Literary Digest Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,Arthur Stimson Draper,Wilfred John Funk,1918 **American Soldiers** Peter S. Kindsvatter,2003 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This book synthesizes the wartime experiences of American soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry **The Encyclopædia Britannica** Hugh Chisholm,James Louis Garvin,1926 *Harvard Law Review* ,1922 *The New International Encyclopædia* Frank Moore Colby,Talcott Williams,1929 **The United States Catalog** Eleanor E.
