This volume gathers a collection of the most seminal essays written by leading experts in the field which identify or signal many of the changing directions of regional research in geography during the past fifty years Various forms of new regionalism or new regional geography have emerged over the last several decades especially in political and economic geography but in general the region has been a concept in declining use Despite this the region has gained new currency in sub areas of political and economic geography and a so called new regionalism has emerged in studies of the changing nature of the nation state in a globalizing economy Taken together the essays in this volume provide the reader with a comprehensive overview of academic developments in this area of geographical research **Routledge Library Editions:**

Sustainability Various Authors,2021-03-04 The 4 volumes in this set originally published between 1988 and 1997 draw together research by leading academics in the area of sustainability and provides a rigorous examination of related key issues The volumes examine environmental policy and plans for a sustainable future This set will be of particular interest to students of Environmental Studies *Ecotopia* Ernest Callenbach,2009-12-16 A novel both timely and prophetic Ernest

Callenbach s *Ecotopia* is a hopeful antidote to the environmental concerns of today set in an ecologically sound future society Hailed by the Los Angeles Times as the newest name after Wells Verne Huxley and Orwell Callenbach offers a visionary

blueprint for the survival of our planet and our future Ecotopia was founded when northern California Oregon and Washington seceded from the Union to create a stable state ecosystem the perfect balance between human beings and the environment Now twenty years later this isolated mysterious nation is welcoming its first officially sanctioned American visitor New York Times Post reporter Will Weston Skeptical yet curious about this green new world Weston is determined to report his findings objectively But from the start he s alternately impressed and unsettled by the laws governing Ecotopia s earth friendly agenda energy efficient mini cities to eliminate urban sprawl zero tolerance pollution control tree worship ritual war games and a woman dominated government that has instituted such peaceful revolutions as the twenty hour workweek and employee ownership of farms and businesses His old beliefs challenged his cynicism replaced by hope Weston meets a sexually forthright Ecotopian woman and undertakes a relationship whose intensity will lead him to a critical choice between two worlds
