**The Complete Exodus Trilogy** Andreas Christensen, 2016-03-07 This is the complete omnibus edition of the Exodus Trilogy which has captivated readers all over the world When an object from space threatens it becomes clear that humanity needs to reach for the stars in order to survive With just a few years warning a race against time begins to send a starship to a distant planet where the remains of humanity can survive Only a small number will be chosen and among the contenders no one but the most resourceful will stand a chance In an America turned authoritarian a small group of dissidents draw up their plans to change not this world but the next The confrontation seems inevitable but who will prevail and at what cost A world divided make their separate plans In desperate times humanity will show its darker side and even the best of intentions can result in the worst of outcomes Will human ability for compassion and unity rise up or succumb to fear and ruthlessness under pressure And when the starship Exodus leaves for distant Aurora more than 40 light years away nobody expects this journey to end up answering some of humanity's greatest and oldest questions Who are we Are we alone Where do we come from This omnibus edition contains the complete Exodus Trilogy 1 Exodus 2 Aurora 3 Genesis
