The Victims' Revolution Bruce Bawer,2012-09-04 Respected author critic and essayist Bruce Bawer whose previous book While Europe Slept How Radical Islam Is Destroying the West from Within was a New York Times bestseller and a National Book Critics Circle Award finalist now offers a trenchant and sweeping critique of the sorry state of higher education since the campus revolutions of the late 60s and early 70s In The Victims Revolution Bawer incisively contends that the rise of identity based college courses and disciplines Women s Studies Black Studies Gay Studies etc forty years ago has resulted in an impoverishment of thought and widespread political confusion while filling the brains of students

with politically correct mush Timely controversial and brilliantly argued Bawer's *The Victims Revolution* is necessary reading for students educators and anyone concerned about the contemporary crisis in academia a serious and important work that stands with other essential books on the subject like *The Shadow University* by Alan Kors *Illiberal Education* by Dinesh D Souza and Allan Bloom's *The Closing of the American Mind* *Race, Ethnicity, Gender, and Class* Joseph F.

Healey,1998-03-04 This text is an introduction to the sociology of minority dominant relations and was written for students who do not have extensive backgrounds in the social sciences I have tried to make the subject matter coherent to these students in part by applying a unified set of themes and concepts throughout the text The analysis is consistent and continuous even while examining multiple perspectives and a variety of viewpoints This subject matter is highly controversial and filled with drama tragedy and triumph I have tried to deal with the issues and tell the stories behind the issues in a way that makes the text both a pleasure to read and a demonstration of the power and importance of thinking sociologically
