Michel Klein, Leif B. Methlie

Expertise And Decision Support Expertise And Decision Support:

Expertise and Decision Support F. Bolger, G. Wright, 1992-01-31 This volume brings together a range of contributors from Europe and North America All contributions were especially commissioned with a view to elucidating a major multidisciplinary topic that is of concern to both academics and practitioners The focus of the book is on expert judgment and its interaction with decision support systems In the first part the nature of expertise is discussed and characteristics of expert judges are described Issues concerned with the evaluation of judgment in the psychological laboratory are assessed and contrasted with studies of expert judgment in ecologically valid contexts In addition issues concerned with eliciting and validating expert knowledge are discussed Demonstrations of good judgmental performance are linked to situational factors such as feedback cycles and measurement of coherence and reliability in expert judgment is introduced as a baseline determinant of good judgmental performance Issues concerned with the representation of elicited expert knowledge in knowledge based systems are evaluated and methods are described that have been shown to produce improvements in judgmental performance Behavioral and mathematical ways of combining judgments from multiple experts are compared and contrasted Finally the issues developed in the preceding contributions are focused on current controversies in decision support Expert judgment is utilized as a major input into decision analysis forecasting with statistical models and expert systems Decision Support

Experiences and Expectations T. Jelassi, M.R. Klein, W.M. Mayon-White, 2014-06-28 This proceedings volume aims to consolidate current knowledge of research into the many fields of DSS and to identify key issues which should be incorporated into the future research agenda The main themes of this volume include DSS for distributed decision processes Embedding knowledge in DSS and DSS and organizational change **Handbook on Decision Support Systems 1** Frada Burstein, Clyde W. Holsapple, 2008-01-22 Decision support systems have experienced a marked increase in attention and importance over the past 25 years The aim of this book is to survey the decision support system DSS field covering both

developed territory and emergent frontiers It will give the reader a clear understanding of fundamental DSS concepts methods technologies trends and issues It will serve as a basic reference work for DSS research practice and instruction To achieve these goals the book has been designed according to a ten part structure divided in two volumes with chapters authored by well known well versed scholars and practitioners from the DSS community

Decision Support Systems for Sustainable Development Gregory E. Kersten,Zbigniew Mikolajuk,Anthony Gar-On Yeh,2006-03-01 In recent years much work has been done in formulating and clarifying the concept of sustainable development and related theoretical and research issues Now the challenge has shifted to designing and stimulating processes of effective planning and decision making at all levels of human activity in such a way as to achieve local and global sustainable development Information technology can help a great deal in achieving sustainable development by providing well designed and useful tools for decision makers One such tool is the decision support system or DSS This book explores the area of DSS in the context of sustainable development As DSS is a very new technique especially in the developing world this book will serve as a reference text primarily for managers government officials and information professionals in developing countries It covers the concept of sustainable development defines DSS and how it can be used in the planning and management of sustainable development and examines the state of the art in DSS use Other interested readers will include students teachers and analysts in information sciences DSS designers developers and implementors and international development agencies

Decision Support Systems and Intelligent Systems Efraim Turban,Jay E. Aronson,Ting-Peng Liang,2005 Appropriate for all courses in Decision Support Systems DSS computerized decision making tools and management support systems Todays networked computer systems enable executives to use information in radically new ways to make dramatically more effective decisions and make those decisions more rapidly Decision Support Systems and Intelligent Systems Seventh Edition is a comprehensive up to date guide to todays revolutionary management support system technologies and how they can be used for better decision making In this thoroughly revised edition the authors go far beyond traditional decision support systems focusing far more coverage on Web enabled tools performance analysis knowledge management and other recent innovations The authors introduce each significant new technology show how it works and offer practical guidance on integrating it into real world organizations Examples products services and exercises are presented throughout and the text has been revised for improved clarity and readability New and enhanced coverage includes state of the art data mining OLAP expert system and neural network software revamped coverage of knowledge management and a far greater emphasis on the use of Web technologies throughout Also covered in detail data warehousing including access analysis visualization modeling and support This edition also contains DSS In Action boxes presenting real business scenarios for the use of advanced management support technology Decision Support Systems and Intelligent Systems Seventh Edition is supported by a Web site containing additional readings relevant links and other supplements

Handbook of Marketing Barton A Weitz,Robin

Wensley, 2006-08-11 NEW IN PAPERBACK The Handbook of Marketing is different that Barton Weitz and Robin Wensley are its editors should suggest something out of the ordinary A glance at the contributors e g Wilkie Webster Day Shocker Keller Hauser Winer Stewart Parasuraman Zeithaml puts the matter to rest The Handbook is an extraordinary effort The blurb on the dust jacket is an understatement the Handbook will be invaluable to advanced undergraduates graduate students academics and thoughtful practitioners in marketing the book is far more than that in short the Handbook is probably invaluable to all academic researchers Journal of Marketing Handbook of Marketing is a rich compilation of thorough reviews in the field of marketing management The editors have selected premier marketing scholars and have given them the opportunity to examine their area of expertise in a format much less confining than those provided by the major journals in the field The authors have taken this opportunity and have done an outstanding job not only of reviewing and structuring the extensive body of thought in many major areas of marketing management but also of providing valuable suggestions for further research They have brought together major contributions from the field of marketing and from other related disciplines I strongly encourage marketing scholars to consider Handbook of Marketing The text will certainly appeal to those with interests in marketing management it may also be useful to those who are more focused on methodological issues but interested in topics that need additional rigorous investigation In summary Weitz and Wensley should be congratulated for the excellent work in developing Handbook of Marketing The book fills a major void in the marketing literature on marketing management and will serve the discipline for many years to come Journal of Marketing Research This text achieves the rare goal of covering marketing clearly and deeply with no unnecessary examples or pretty pictures For the enquiring mind it is a wonderful link between a basic knowledge of marketing concepts and a grasp of where research in marketing is taking us Ken Simmonds Emeritus Professor of Marketing and International Business London Business School The Handbook of Marketing presents a major retrospective and prospective overview of the field of marketing and provides a landmark reference at a time when many of the traditional boundaries and domains within the marketing discipline have been subject to change A high calibre collection compiled by an international and extremely distinguished advisory board of marketing academics With contributions from leading scholars in the field each covering the latest research issues in particular areas of expertise Each chapter provides the necessary background for study and research of specific empirical and theoretical topics in marketing The Handbook of Marketing will be invaluable to advanced undergraduates graduate students and academics in marketing International Advisory Board Sonke Albers Christian Albrechts University of Kiel Germany Erin Anderson INSEAD France Rick Bagozzi Rice University USA Patrick Barwise London Business School Rod Brodie University of Auckland Anne T Coughlan Northwestern University George Day University of Pennsylvania Lars Gunnar Mattsson Stockholm School of Economics Hubert Gatignon INSEAD France H kan H kansson The Norwegian School of Management Stephen J Hoch University of Pennsylvania USA Kevin Keller Dartmouth College USA Donald Lehmann

Proceedings of the IEEE/ACM International Conference on Developing and Managing Expert System Programs, 1991

Organizational Decision Support Systems Ronald M. Lee, Andrew M. McCosh, Piero Migliarese, 1988 Decision Support Systems DSS are typically viewed as computerized aids for managerial decision making at the individual level By contrast this volume focuses on DSS for group and organizational decision making The contributions are from academics and practitioners who are developing new concepts techniques and software to support decision related activities involving multiple participants The book is in five sections The first looks at the organizational setting of group decision support systems and experiences of various enterprises in their use The second section is concerned with supporting negotiation processes decision situations where the participants have conflicting goals The third section deals with analysis and design issues in developing group organizational DSS Behavioral issues relating to the impact of the technology are examined in section four while the fifth section discusses practical experiences with group decision rooms

Decision Support Systems Göran Fick, 1980 Decision Support Systems Issues and Challenges covers the proceedings of the International Institute for Applied Systems Analysis IIASA International Task Force Meeting The book reviews papers that tackle issues about decision support systems DSS Comprised of 17 chapters the book organizes the chapters according to the topic of discussion including framework resource discipline application experience and issues for the future in DSS The opening chapter is an introduction to the main topic of the book Chapter 2 discusses frameworks for research on decision support systems and Cha

Expert Systems for Decision-making Patricia Baird, 1987 Six papers describing how expert systems for decision making will affect organizational decision making and strategy planning

Journal of Management Information Systems ,1995 *Decision Support in the Data Warehouse* Paul Gray,Hugh J. Watson,1998 Most data warehousing books provide little information about the applications or tools that deliver the business value that the data warehouse provides The title includes a comprehensive survey of tools and technologies available today This book explores decision support in a data warehousing environment Focus is on building front end decision support systems

Database and Expert Systems Applications Vladimír Mařík, Jiří Lažanský, Roland R. Wagner,1993 This volume constitutes the proceedings of the 4th International Conference on Database and Expert Systems Applications DEXA held in Prague Czech Republic in September 1993 Traditionally the objective of the DEXA conferences is to serve as an international forum for the discussion and exchange of research results and practical experience among theoreticians and professionals working in the field of database and artificial intelligence technologies Despite the fact that in the conference title the applications aspect is mentioned explicitly the theoretical and the practical points of view in the field are well balanced in the program of DEXA 93 The growing importance of the conference series is outlined by the remarkably high number of 269 submissions and by the support given by renowned organizations DEXA 93 is held for the first time outside the former GDR in an East European country and is essentially contributing to the advancement of the East West scientific cooperation in the field of database and AI systems This proceedings contains the 78 contributed papers carefully selected by an international program committee with the support of a high number of subreferees The volume is organized in sections on data models distributed databases advanced database aspects database optimization and performance evaluation spatial and geographic databases expert systems and knowledge engineering legal systems other database and artificial intelligence applications software engineering and hypertext hypermedia and user interfaces PUBLISHER S WEBSITE *Computers in Education Journal* ,1991
