Existence God Dialogue Three Chapters:

The Existence of God, a Dialogue, in Three Chapters. Richard Frederick Clarke, 2016-06-20 The following Dialogue is an attempt to put forward in popular form the chief arguments from reason by which the existence of God is proved and to show the weakness and inconsistency of the objections most commonly urged against it **The Existence of God** Richard Frederick Clarke, 1892 *The Existence of God, a Dialogue in Three Chapters* Richard Clarke, S.J., 2017-01-24 This is an excellent book on Christian philosophy published by Richard F Clarke S J in 1887 The Existence of God, a Dialogue in Three Chapters Richard F. Clarke, 2015-11-26 Clarke's *The Existence of God* is a dialogue outlining the arguments which prove the existence of God Structured as a dialogue between the Catholic Saville and the skeptic Cholmeley the witty prose highlights many of the Christian skeptic's arguments and their refutations The Existence of God: a Dialogue in Three Chapters Richard F. Clarke, Richard F Clarke S.J., 2017-10-27 Chapter I The Proof from Reason Introduction Inadequacy of many arguments in favour of Theism The argument from Consciousness an invalid one Fundamental scepticism of Mill and Hamilton The proof of Theism sufficient but not resistless Moral hindrances to its acceptance viz the indulgence of the passions and pride Growth of the idea of God in children 1 Argument from Design Often exaggerated It proves a wise designer but not an all wise Creator Imperfections in the universe Their explanation 2 Argument from Causation Proves irrefragably the existence of a First Cause independent self existent Infinite combining all the perfections in the universe Difficulties a God cannot contain material perfections b A cause does not necessarily comprise all the perfections of its effect c Primeval force may have produced all things d God cannot be a Person for personality implies limitation Replies Summary of argument Chapter II Subsidiary Arguments Struggle in the mind of the sceptic 3 Argument from the Moral Law Can conscience be accounted for on utilitarian grounds Difficulty of urging the moral argument against the sceptic Its limits It confirms and establishes the belief already derived from other sources Is conclusive rather than convincing 4 Argument from general consent of mankind Not in itself a peremptory argument Is often set aside by sceptics on insufficient grounds Is calculated to strengthen belief rather than to produce it Theism strong by reason of the moral strength of its supporters and the moral weakness and degradation of its adversaries Summary Is there a natural order in the various arguments for God's existence Chapter III Popular Difficulties Further struggle in the mind of the sceptic Objections to Theism 1 The limited nature of God's mercy Reply It is so from the very nature of things and could not be otherwise and besides we do not see its full extent 2 The injustice of eternal punishment for a momentary action Reply A momentary action often has irreparable consequences e.g. suicide 3 A merciful God could not create Hell Reply Is it true that God creates Hell The chief agony of Hell not the fire How can this fire affect the immaterial soul Explanation Is Hell a state or a place Literal significance of the terms respecting Hell 4 The misery of this life often suffered by the innocent Reply It is transitory in character It vanishes when compared with eternity It adds to the happiness hereafter and this for ever 5 The creation of those whom God foresaw would

be lost Reply God's actions done because good in themselves apart from their indirect results Consequences apparently evil arise from some interposing cause General results of Divine action always good In what sense do the lost manifest the glory of God Effect of the arguments on the sceptic Conclusion The Month ,1887 **New Catholic World** ,1887
