ghostly experiences but none had logical explanations for them Ellis began to find that valid explanations existed but had often been concealed by those seeking personal gain or distorted by some religious dogma Explaining the Unexplained offers a no nonsense look at questions concerning reincarnation to ESP to ghosts Ellis offers realistic answers to questions and events that until now have lacked rational explanation Explaining the Unexplained investigates the worlds most captivating mysteries and supports its views with strong empirical and circumstantial evidence If youre looking for answers this book is a must read
