Maternal and Child Health Jonathan Kotch, 2005 Health Policy Management **The Program Evaluation Standards** Joint Committee on Standards for Educational Evaluation, James R. Sanders, 1994-05-17 The Program Evaluation Standards is a must have book for anyone responsible for reviewing evaluation proposals planning and conducting evaluations managing evaluation projects or judging the merit and worth of evaluations once completed For experienced practitioners it provides a

set of values and principles by which to guide successful practice that is a set of criteria that determines whether educational evaluations are trustworthy and fair The Standards sets expectations of the design and implementation of educational evaluation for all practitioners in all types of educational arenas even those involved in social programming endeavors For newcomers and those less experienced who may be responsible for commissioning and using evaluations the Standards supplies a useful framework of generating a list of questions to raise about any evaluation plan or final report in an effort to assess its pros and cons The book is an invaluable how to resource for graduate students venturing out into the field and it instills a sense of what it means to be a responsible evaluator For clients or consumers the book offers advice on what they should expect of an evaluation Publisher description Program Evaluation in Practice Dean T. Spaulding, 2014-01-28 The second edition of *Program Evaluation in Practice* offers guidance for new and would be evaluators It uses real world examples explained in writing clear enough so that learners gain a great deal of helpful information while not being overwhelmed thanks to manageable chapter lengths The text contains theories models and approaches to program evaluation as well as discussion questions and class activities to help students to further process the information and integrate the information While focused on education the book is also useful for other programs cover program evaluation New Directions for Program Evaluation ,1978 *International Encyclopedia of Civil Society* Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The *International Encyclopedia of Civil Society* fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field *Program Evaluation Theory and Practice* Donna M. Mertens, Amy T. Wilson, 2012-02-20 This engaging text takes an evenhanded approach to major theoretical paradigms in evaluation and builds a bridge from them to evaluation practice Featuring helpful checklists procedural steps provocative questions that invite readers to explore their own theoretical assumptions and practical exercises the book provides concrete guidance for conducting large and small scale evaluations Numerous sample studies many with reflective commentary from the evaluators reveal the process through which an evaluator incorporates a paradigm into an actual research project The book shows how theory informs methodological choices the specifics of planning implementing and using evaluations It offers balanced coverage of quantitative qualitative and mixed methods approaches Useful pedagogical features include Examples of large

and small scale evaluations from multiple disciplines Beginning of chapter reflection questions that set the stage for the material covered Extending your thinking questions and practical activities that help readers apply particular theoretical paradigms in their own evaluation projects Relevant Web links including pathways to more details about sampling data collection and analysis Boxes offering a closer look at key evaluation concepts and additional studies Checklists for readers to determine if they have followed recommended practice A companion website with resources for further learning

Program Evaluation Emil J. Posavac, Raymond G. International Perspectives on Evaluation Standards Craig Russon, Gabrielle Russon, 2005-02-11 Prior to 1995 there were fewer than half a dozen regional and national evaluation organizations around the world Today there are more than fifty attesting to a growing interest in the practice of program evaluation internationally Many of these new organizations have undertaken efforts to develop their own standards or to modify existing sets most typically the Program Evaluation Standards of the Joint Committee on Standards for Educational Evaluation for use in their own cultural context Following two introductory chapters one a conceptual overview and the second a history of the development and revisions of the Program Evaluation Standards this issue documents standards development efforts in three different settings Western Europe Africa and Australasia In addition because nongovernmental organizations and governments have entered the standard setting business other chapters describe standards development activities by the European Commission and CARE International The content points to the challenge of formalizing standards for program evaluation given cross cultural differences in values and to the continuing challenges related to implementing voluntary standards This is the 104th issue of the quarterly journal *New Directions for Evaluation*
