Far From This Land Michael Gellert,2021-08-15 This book is inspired by the author s dreams and visionary experiences in response to brain surgery Unfolding as a dialogue between different parts of his personality its story is told from the perspective of an alter ego a skeptical part of him that could not believe and accept these astonishing dreams and visions Throughout his story he is resistant to accepting his near death experience an extraordinary one by most standards He has to fight his way to embracing reluctantly the implications this experience has for his personal development as well as his understanding of human evolution The book explores such topics as the workings of the unconscious mind

dreams visions and paranormal phenomena the evolution of consciousness and of our planet and the psychological and spiritual dimension of climate change Though very much about the afterlife it has profound implications for our everyday lives A remarkable book that sets in motion the dreamscape of the unconscious mind Gellert applies Jung s active imagination techniques with great originality The evolutionary material is fascinating taking a deep dive into the philosophy of theologian Pierre Teilhard de Chardin among other things Wendy Goldman Rohm New York Times bestselling author **Dreamscapes** V Marcel Salome,2013 **The Avant-garde and the Landscape--can They be Reconciled?** Patrick M.
