Drawing Fire Investigating The Accusations Of Apartheid In Israel:

Drawing Fire Benjamin Pogrund, 2023-06-14 Benjamin Pogrund who spent 26 years as a journalist in South Africa investigating apartheid and who has been living in Israel for the past 15 years investigates the accusation that Israel is practicing apartheid and the motives of those who make it His study is founded on a belief in Israel combined with frank criticism to provide a balanced view of Israel's strengths and problems To understand Israel today one must first look at the past and so the book first outlines key foundational events to explain current attitudes It then explores the contradictions found in the region including discrimination against Israeli Arabs and among Jews before concluding that it is wrong to affix the apartheid label to Israel inside the Green Line of 1948-1967 It also deconstructs the criticisms of Israel and the boycott movement before arguing for two states Israeli and Palestinian as the only way forward for Jews and Arabs This detailed and balanced study offers a unique comparison between South Africa and Israel [Challenging the Boycott, Divestment and Sanctions \(BDS\) Movement](#) Ronnie Fraser, Lola Fraser, 2023-02-13 Challenging the Boycott Divestment and Sanctions BDS Movement focuses on the efforts to oppose antisemitism the academic boycott and the BDS movement The State of Israel has faced many threats most of them military since it was established in 1948 but the threat posed by the NGO forum at the United Nations World Conference against Racism in Durban South Africa in August 2001 was different The forum unleashed the new antisemitism which targeted the State of Israel as well as a non violent civil society based campaign based on the South African anti apartheid campaign of the 1980s which was to form the basis of the international Boycott Divestment and Sanctions BDS movement directed at the State of Israel Featuring case studies from the United States Great Britain Israel and South Africa each chapter of this wide ranging volume discusses examples of opposition to the divisive BDS campaign and the proposed academic boycott of Israel over the last two decades including the fight for formal recognition of the new antisemitism by governments and international bodies and the use of a variety of legal measures The rise of antisemitism within academia and wider society is also examined This book will be vital reading for students scholars and activists with an interest in social movements Israel and Middle East politics and history **Boycotting Israel is Wrong** Philip Mendes, Nick Dyrenfurth, 2015-05-01 This is the first progressive book to argue that the BDS movement boycott divestment and sanctions against Israel is the wrong way to broker peace in the Israeli Palestinian conflict rather it argues that peace will come only when both Israelis and Palestinians legitimate claims to statehood are recognised by both sides The BDS movement boycott divestment sanctions against Israel has gained traction and publicity worldwide for a decade Yet here Philip Mendes and Nick Dyrenfurth two politically progressive commentators argue that BDS is far too blunt an instrument to use in such a complex political situation Instead they critically analyse the key arguments for and against BDS and propose a solution that supports Israel's existence and Palestinian rights to a homeland urging mutual compromise and concessions from both sides [Antisemitism in Reader Comments](#) Matthias J. Becker, 2021-04-28 This book examines the most frequent form of Jew

hatred Israel related antisemitism After defining this hate ideology in its various manifestations and the role the internet plays in it the author explores the question of how Israel related antisemitism is communicated and understood through the language used by readers in below the line comments Drawing on a corpus of over 6 000 comments from traditionally left wing news outlets The Guardian and Die Zeit the author examines both implicit and explicit comparisons made between modern day Israel and both colonial Britain and Nazi Germany His analyses are placed within the context of resurgent neo nationalism in both countries and it is argued that these instances of antisemitism perform a multi faceted role in absolving guilt re writing history and reinforcing in group status This book will be of interest not only to linguistics scholars but also to academics in fields such as internet studies Jewish studies hate speech and antisemitism [Comprehending Antisemitism through the Ages: A Historical Perspective](#) Armin Lange,Kerstin Mayerhofer,Dina Porat,Lawrence H. Schiffman,2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews It documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism **Israel in a Turbulent Region** Tore Petersen,2019-03-07 This anthology examines and deconstructs what Israeli security looks like and how its various security identities have evolved both before the establishment of the state and in the years and decades since 1948 It casts light on how aspects of Israel s foreign relations have been shaped as much by internal politics as by external challenge Further not only does it answer the questions surrounding Israel s past but examines carefully what type of country it has now become Compared to much of the turbulence in the region Israel s diplomacies have been remarkably resilient and inventive With the background of 100th anniversary of the Balfour declaration this book is a multidisciplinary study using several different methodological approaches from discursive analyses to theories of memories and identity to interviews with Israeli soldiers in the field to a legal approach to the topic as well as International Relations studies and traditional archival studies South Africa was one of Israel s main partners in terms of security cooperation and weapons research and development until the fall of the apartheid regime This has been compensated with Israel opening up diplomatic relations with China 1991 and India 1992 and extending its ties with Japan While the EU often criticize Israel s policies against the Palestinians this is mostly rhetoric as for practical purposes Israel is like a member of the EU This comprehensive volume studying contemporary Israel is an invaluable resource for students and scholars interested in Foreign and Security Policy Israel and the Middle East [Decoding Antisemitism](#) Matthias J. Becker,Hagen Troschke,Matthew Bolton,Alexis Chapelan,2024-10-15 This open access book is the first comprehensive guide to identifying antisemitism online today in both its explicit and implicit or coded forms Developed through years of on the ground analysis of over 100 000 authentic comments posted by social media users in the

UK France Germany and beyond the book introduces and explains the central historical conceptual and linguistic semiotic elements of 46 antisemitic concepts stereotypes and speech acts The guide was assembled by researchers working on the Decoding Antisemitism project at the Centre for Research on Antisemitism at Technische Universität Berlin building on existing basic definitions of antisemitism and drawing on expertise in various fields Using authentic examples taken from social media over the past four years it sets out a pioneering step by step approach to identifying and categorising antisemitic content providing guidance on how to recognise a statement as antisemitic or not This book will be an invaluable tool through which researchers students practitioners and social media moderators can learn to recognise contemporary antisemitism online and the structural aspects of hate speech more generally in all its breadth and diversity **Can**

Academics Change the World? Moshe Shokeid, 2020-05-01 Moshe Shokeid narrates his experiences as a member of AD KAN NO MORE a protest movement of Israeli academics at Tel Aviv University who fought against the Israeli occupation of Palestinian territories founded during the first Palestinian Intifada 1987-1993 However since the assassination of Prime Minister Rabin and the later obliteration of the Oslo accord public manifestations of dissent on Israeli campuses have been remarkably mute This chronicle of AD KAN is explored in view of the ongoing theoretical discourse on the role of the intellectual in society and is compared with other accounts of academic involvement in different countries during periods of acute political conflict **The Boston Globe Index**, 1989 *The Economist*, 1968 **USA Today Index**, 1990

Israel, an Apartheid State Uri Davis, 1987 Om etnisk og politisk undertrykkelse i Israel [A Threshold Crossed](#) Omar Shakir, 2021 The widely held assumption that the Israeli occupation of Palestinian territory is a temporary situation and that the peace process will soon bring an end to Israeli abuses has obscured the reality on the ground today of Israel's entrenched discriminatory rule over Palestinians A single authority the Israeli government rules primarily over the area between the Jordan River and Mediterranean Sea populated by two groups of roughly equal size methodologically privileging Jewish Israelis while repressing Palestinians most severely in the Occupied Palestinian Territory OPT made up of the West Bank including East Jerusalem and Gaza Drawing on years of human rights documentation case studies and a review of government planning documents statements by officials and other sources this report examines Israel's treatment of Palestinians and evaluates whether particular Israeli policies and practices in certain areas amount to the crimes against humanity of apartheid and persecution Page 4 of cover
