Cristina García, 1993-02-10 Impressive Cristina García's story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the sustaining aromas of vanilla and almond, as rhythmic as the music of Beny Mor. Time Cristina García's acclaimed book is the haunting bittersweet story of a family experiencing a country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself: a landscape of beauty and poverty, idealism and corruption. *Dreaming in Cuban* is a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez. The New York Times In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for *Dreaming in Cuban*: Remarkable an intricate weaving of dramatic events with the supernatural and the cosmic, evocative and lush. San Francisco Chronicle Captures the pain, the distance, the frustrations, and the dreams of these family dramas with a vivid poetic prose. The Washington Post Brilliant. With tremendous skill, passion, and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind. The Denver Post *Cuba* Tom Miller, 2004 From revolution to embargo, from the charms of old Havana to aquamarine seas and powdery beaches, from the hypnotic rhythms of Afro-Caribbean music to resilient proud locals. *Travelers Tales* Cuba burns with stories of Cuba's intriguing past and vibrant present. The Latino/a Canon and the Emergence of Post-Sixties Literature

Travelling Across Cultures Spanish Association for American Studies. Congreso, 2000 **Reading U.S. Latina Writers** A. Quintana, 2003-03-18 This essential teaching guide focuses on an emerging body of literature by U.S. Latina and Latin American women writers. It will assist non-specialist educators in syllabus revision, new course design, and classroom presentation. The inclusive focus of the book, that is combining both U.S. Latina and Latin American women writers, is significant because it introduces a more global and transnational way of approaching the literature. The introduction outlines the major historical experiences that inform the literature, the important genres, periods, movements, and authors, in its evolution, the traditions and influences that shape the works, and key critical issues of which teachers should be aware. The

collection seeks to provide readers with a variety of Latina texts that will guarantee its long term usefulness to teachers and students of pan American literature Because it is no longer possible to understand U S Latina literature without taking into consideration the histories and cultures of Latin America the volume will through its organization argue for a more globalized type of analysis which considers the similarities as well as the differences in U S and Latin American women s cultural productions In this context the term Latina evokes a diasporic transnational condition in order to address some of the pedagogical issues posed by the bicultural nature which is inherent in pan American women s literature

Forms of Dictatorship Jennifer Harford Vargas, 2018 An intra ethnic study of Latina o fiction written in the United States from the early 1990s to the present *Forms of Dictatorship* examines novels that depict the historical reality of dictatorship and exploit dictatorship as a literary trope This literature constitutes a new sub genre of Latina o fiction which the author calls the Latina o dictatorship novel The book illuminates Latina os central contributions to the literary history of the dictatorship novel by analyzing how Latina o writers with national origin roots in the Caribbean Mexico and Central and South America imaginatively represent authoritarianism The novels collectively generate what Harford Vargas terms a Latina o counter dictatorial imaginary that positions authoritarianism on a continuum of domination alongside imperialism white supremacy heteropatriarchy neoliberalism and border militarization Focusing on novels by writers such as Junot D az Hector Tobar Cristina Garcia Salvador Plascencia and Francisco Goldman the book reveals how Latina o dictatorship novels foreground more ubiquitous modes of oppression to indict Latin American dictatorships U S imperialism and structural discrimination in the U S as well as repressive hierarchies of power in general Harford Vargas simultaneously utilizes formalist analysis to investigate how Latina o writers mobilize the genre of the novel and formal techniques such as footnotes focalization emplotment and metafiction to depict dictatorial structures and relations In building on narrative theories of character plot temporality and perspective Harford Vargas explores how the Latina o dictatorship novel stages power dynamics *Forms of Dictatorship* thus queries the relationship between different forms of power and the power of narrative form that is between various instantiations of repressive power structures and the ways in which different narrative structures can reproduce and resist repressive power
