Dreaming While Awake Dreaming While Awake:

Dreaming While Awake Arnold Mindell, 2002-10-01 Mindell examines addictions relationships time travel lucid healing preventive medicine and Dreaming as world work The Dream Network Journal What if you could dream twenty four hours a day even while awake According to innovative psychotherapist Arnold Mindell Ph D we already do The seeds of dreaming arise in every moment of the day in body symptoms problems relationships subtle feelings interactions random thoughts and fantasies We re getting countless little cues from the unconscious every minute All are signs from the world of dreaming And according to Mindell we can be in this state of lucid dreaming all day long In Dreaming While Awake Mindell shows how to become aware of these flirts from the dreamworld and how to interpret their message The goal he says is to be wide awake and lucid 24 hours a day in the midst of this unending dreamfield of information Practicing twenty four hour lucid dreaming Helps you solve personal physical and emotional problems Serves as a preventive medicine for relationships and health helping you catch the earliest warning signs before they turn into problems Helps resolve conflicts in relationships families large groups corporations even politics Dreaming is the mystical source of reality says Mindell My goal is to make the Dreaming roots of reality so accessible so visceral that your conscious mind will give you back your right to dream

Beyond Dreaming - An In-Depth Guide on How to Astral Project & Have Out of Body Experiences Gene Hart, 2021-05-26 REVISED EDITION 2024 Are you having no luck with Astral projection Discover the spiritual and wholesome approach to attaining out of body states of awareness which leads to more vivid and profound experiences The approach in this book is on the practical understanding of out of body consciousness rather than on intellectual debate or speculation It aims to address frequently asked questions that Gene has received from hundreds of people struggling to achieve Astral projection As explained in the book Through practical understanding alone we get rid of the need for ineffective methods and complex practices which harbour self doubt often seen in books which promise quick results through techniques backed by little explanation When we instinctively comprehend the mechanics behind out of body experiences we adopt our own intuitive practice Furthermore the book explores the difference between lucid dreaming and out of body experiences and how both these phenomena serve a significant purpose towards our spiritual progress One way to understand this is through realising that most of us are in a continuous dream like state that often has a firm grip over our awareness while we re awake and also while we re asleep this is key in understanding how to go beyond layers of subconscious perception in order to reach higher objective states of consciousness If we wake up out of our dreams during the day then we also have more chance of becoming conscious during our dreams at night too As Above So Below Learn about how following the path of Astral projection enhances our mental emotional and physical health and overall quality of waking life the practice does not just apply to our non physical experiences during sleep Gene s knowledge is based on over a decade of deep meditation hundreds of out of body experiences and several years spent being part of a Gnostic group He has

only one wish for you to experience conscious out of body travel with all of your senses in tact just as you are here and now reading this Below are just some of the things you will learn in this guide Overcoming fear of the other side How to rely on intent rather than methods Several step by step methods and exercises How meditation greatly benefits Astral projection Analysing and understanding your failed attempts How to stay grounded and present once out of body How dreaming at night is no different than when we daydream How Astral projection is a deeply spiritual practice of self realisation Gene is dedicated to helping others achieve Astral projection and has provided contact details and extra resources at the end of the book

Spiritualism, Mesmerism and the Occult, 1800-1920 Vol 5 Shane McCorristine,2021-12-24 This edition provides an insight into the dark areas between Victorian science medicine and religion The rare reset source material in this collection is organized thematically and spans the period from initial mesmeric experiments at the beginning of the nineteenth century to the decline of the Society for Psychical Research in the 1920s

Heroes, Sages & Madmen A. Roy Horn,2009-08-12 Heroes Sages and Madmen is not a book for everyone but its potent message is about everyone It reveals a direct and honest no nonsense revelation for spiritual aspirants who with courage heroism and sincerity are ready to go beyond the limitations of popular religion academic philosophy physical exercise yoga and mental meditation It is a revealing new fresh and amazing look into the four major traditional Paths of Enlightenment It takes you where very few will go It takes you into the midst of the personal attainments blisses challenges pitfalls and dangers of spiritual practices And it takes you into the consciousness and personal strategies of the far reaching socially popular and pretentious pop guru The seventy nine short conversations in this book are guaranteed to convey many key secret spiritual teachings of the past These secret spiritual teachings are traditionally known only by true and ripe spiritual Heroes and authentic Sages Saints and Yogis Within these pages you can discover what causes the social bondage personal dissatisfaction and the failing habitual struggles for inner Happiness and Peace In the midst of the enigma and quagmire of ordinary thinking and analytical minds the author reveals and restates

many ancient esoteric secrets of spirituality And most importantly the author shows how you can find a way out of your spiritual social and personal dilemmas In the questions and answers in these conversations many universal truths are delineated from major philosophies religions and spiritual practices and then their apparent differences are explored summed up and reconciled The questions and answers in this book originated from dozens of sincere spiritual aspirants from group sessions e mails personal notes formal letters telephone conversations and one on one sessions since the early 1980s Each question and answer is paraphrased by the author The information knowledge and wisdom in this book have been distilled directly from personal experience from a lifetime of spiritual study and practices The questions and answers are direct and sometimes surprising At other times the authors direct answers may challenge the spiritual assumptions of many neophyte and mature spiritual aspirants The purpose of each answer was to directly serve the sincere spiritual aspirants spiritual development and awakening beyond their popular religious academic philosophical and social belief assumptions In addition popular misunderstandings surrounding classical spiritual teachings and their four major traditional Paths of Enlightenment and practice of yoga are described evaluated and discussed in depth And lastly the thinking analytical meditation methods of popular spiritual movements in the West European cultures are considered in contrast to the contemplative meditations of the great Sages Saints and Yogis of the classical East Non European cultures Unfortunately the English language does not lend itself to explain and define the metaphysical principles and concepts of contemplative spirituality Contemporary English is predominately a language of definitions names forms and objects as demonstrated in English as used throughout the material world for business and commerce Other languages such as Sanskrit Pali Tamil and Hebrew are spoken and written to understand and verbally communicate both the dual physical world of objects and the multidimensional transcendental spiritual world beyond social psychology and formulative physics For this reason the author has modified many spelling grammar and syntax rules to emphasize and endeavor to explain contemplative concepts that cannot be explained by academic English Therefore you may discover that many sections may contain imperfect spelling grammar and syntax that are ordinarily absent from professionally produced books To assure the authors metaphysical meani

the relations between time sleep and the body in Husserl's phenomenology Ideas toward a Phenomenology of Interruptions reconfigures the unity of the life of subjectivity in light of the phenomenon of dreamless sleep supplements Husserl's analyses of subjectivity through integrating interruptions into the life of consciousness and establishes a new phenomenological concept of subjectivity that is a fractured subject In analyzing the phenomenon of dreamless sleep the author develops a new theory of the body namely the sleeping body and explains the importance of the lived body in the experience and constitution of time The author analyzes the moments of falling asleep and waking up as well as the period of dreamless sleep and shows that a more complete phenomenological concept of subjectivity requires attention to the interweaving of continuity and discontinuity This project therefore aims to provide a critical counterpart to Husserl's analyses by developing his transcendental phenomenology into a phenomenology of interruptions Through this account of dreamless sleep this text shows furthermore that subjectivity ceases to perceive and experience the flow of time through retention protention and the primal impression and that the time that is not lived through during this period is lost time Moreover it explores the methodological consequences of interruptions for phenomenology and shows that phenomenology reaches its limits in the phenomena of dreamless sleep because it is incapable of fully accessing or accounting for them through the phenomenological reduction
