Kelly M. Rich

Englishness And Empire 1939 1965 New Edition By Webster Wendy 2007 Paperback:

Agatha Christie Goes to War Rebecca Mills, J.C. Bernthal, 2019-11-08 Agatha Christie has never been substantially considered as a war writer even though war is a constant presence in her writing This interdisciplinary collection of essays considers the effects of these conflicts on the social and psychological textures of Christie s detective fiction and other writings demonstrating not only Christie s textual navigation of her contemporary surroundings and politics but also the value of her voice as a popular fiction writer reflecting popular concerns Agatha Christie Goes to War introduces the Queen of Crime as an essential voice in the discussion of war warfare and twentieth century literature *Swift, the Book, and the Irish Financial Revolution* Sean D. Moore, 2010-10-15 Winner 2010 Donald Murphy Prize for a Distinguished First Book American Conference on Irish Studies Renowned as one of the most brilliant satirists ever Jonathan Swift has long fascinated Hibernophiles beyond the shores of the Emerald Isle Sean Moore s examination of Swift s writings and the economics behind the distribution of his work elucidates the humorist s crucial role in developing a renewed sense of nationalism among the Irish during the eighteenth century Taking Swift s Irish satires such as A Modest Proposal and the Drapier s Letters as examples of anticolonial discourse Moore unpacks the author s carefully considered published words and his deliberate drive to liberate the Dublin publishing industry from England s shadow to argue that the writer was doing nothing less than creating a national print media He points to the actions of Anglo Irish colonial subjects at the outset of Britain s financial revolution inspired by Swift s dream of a sovereign Ireland these men and women harnessed the printing press to disseminate ideas of cultural autonomy and defend the country s economic rights Doing so Moore contends imbued the island with a sense of Irishness that led to a feeling of independence from England and ultimately gave the Irish a surprising degree of financial autonomy Applying postcolonial new economic and book history approaches to eighteenth century studies Swift the Book and the Irish Financial Revolution effectively links the era s critiques of empire to the financial and legal motives for decolonization Scholars of colonialism postcolonialism Irish studies Atlantic studies Swift and the history of the book will find Moore s eye opening arguments original and compelling [The Promise of Welfare in the Postwar British and Anglophone Novel](#) Kelly M. Rich, 2023 A study of the literature of the Second World War and its aftermath focusing on the welfare state and wartime visions of rebuilding Britain **The English and Their History** Robert Tombs, 2015-10-27 A New York Times 2016 Notable Book Robert Tombs s momentous The English and Their History is both a startlingly fresh and a uniquely inclusive account of the people who have a claim to be the oldest nation in the world The English first came into existence as an idea before they had a common ruler and before the country they lived in even had a name They have lasted as a recognizable entity ever since and their defining national institutions can be traced back to the earliest years of their history The English have come a long way from those first precarious days of invasion and conquest with many spectacular changes of fortune Their political economic and cultural contacts have left traces for good and ill across the world This book describes

their history and its meanings from their beginnings in the monasteries of Northumbria and the wetlands of Wessex to the cosmopolitan energy of today's England Robert Tombs draws out important threads running through the story including participatory government language law religion the land and the sea and ever changing relations with other peoples Not the least of these connections are the ways the English have understood their own history have argued about it forgotten it and yet been shaped by it These diverse and sometimes conflicting understandings are an inherent part of their identity Rather to their surprise as ties within the United Kingdom loosen the English are suddenly embarking on a new chapter The English and Their History the first single volume work on this scale for more than half a century and which incorporates a wealth of recent scholarship presents a challenging modern account of this immense and continuing story bringing out the strength and resilience of English government the deep patterns of division and also the persistent capacity to come together in the face of danger

Unveiling the Magic of Words: A Report on "**Englishness And Empire 1939 1965 New Edition By Webster Wendy 2007 Paperback**"
