Entre El Honor Y La Espada Spanish Edition:

The Pen, the Sword, and the Law David S. Parker, 2022-04-28 The duel and the codes of honour that governed duelling functioned for decades in many European and Latin American countries as a shadow legal system regulating in practice what legislators felt free to say and what journalists felt free to write Yet the duel was also an act of potentially deadly violence and a challenge to the authority of statutory law When duelling became widespread in early twentieth century Uruguay legislators facing this dilemma chose the unique and radical path of legalization *The Pen the Sword and the Law* explores how the only country in the world to decriminalize duelling managed the tension between these informal but widely accepted gentlemanly laws and its own criminal code The duel which remained legal until 1992 was meant to ensure civility in politics and decorum in the press but it often failed to achieve either Drawing on rich and detailed newspaper reports of duels and challenges parliamentary debates legal records private papers and interviews David Parker examines the role of pistols and sabres in shaping the everyday workings of a raucous public sphere Demonstrating that the duel was no simple throwback to archaic conceptions of masculine honour and chivalry *The Pen the Sword and the Law* illustrates how duelling went hand in hand with democracy and freedom of the press in one of South America's most progressive nations *Corneille and the Spanish Drama* Jacob Bernard Segall, 1902 *A New Anthology of Early Modern Spanish Theater* Barbara Louise Mujica, 2015-01-01 An anthology of plays from the Spanish Golden Age contains the full text of 15 plays an introduction to each play with information about the author the work performance issues and current criticism and glossaries with definitions of difficult words and concepts *Some Spanish-American Poets*, 1929 Over 200 poems by 89 authors representing 19 countries *A Textbook on Spanish* International Correspondence Schools, 1903 *The National Union Catalog, Pre-1956 Imprints* Library of Congress, American Library Association. modern experience such as food sex work and money Finally Kallendorf engages the theoretical terminology of Marxist literary criticism to demonstrate the inherent ambiguity of cultural change The Athenæum ,1883 **Spanish Idioms with Their English Equivalents Embracing Nearly Ten Thousand Phrases** Sarah Cary Becker,Federico Mora,1886
